CITIZENS' NIGHT WELL OBSERVED ON TUESDAY AT THIRD U. P. CHURCH

Leaders In Many Lines Bring Greetings To Members Of Congregation

Thousand Or More East Side Folks In Audience For Meeting

Eight citizens of New Castle, each representing some division of the city or of the state, extended their greetings and congratulations to the pastor and congregation of the Third United Presbyterian church Tuesday night upon the completion of their new church.

It was citizens night, and despite the inclement weather over 1,000 persons attended the meeting, which was presided over by the Rev. S. B. Copeland.

After the organ prelude from Samson and Delilah played by Mrs. Francis Eakin, the Rev. A. J. Randles pastor of the Second U. P. church offered a prayer.

Represents Ministers.

Speaking in behalf of the Ministerial association, Rev. Dr. H. C. Weaver pastor of the First Methodist Episcopal church of New Castle, offered the greetings of his congregation as well as those of the Ministerial association to the congregation of the Third U. P. church.

"These are perilous days for the church,' he continued. "There are things that seem to detract from religious worship, things that we did not have 25 years ago. The church must rise to meet these conditions and must remember what it must contribute.

"But I do not believe that the church should compete with places of amusement. The church has a mission and if it is true to the mission, it will be a success.

"The church offers the greatest opportunity for investment than does any other institution. One should make the pattern of the church as large as possible, because the church offers an unlimited opportunity for the investment of money in life and in eternity.'

Dr. C. C. Green.

Dr. C. C. Green, superintendent of the public schools of New Castle was the next speaker on the program and in his talk he stressed the relationship between the church and the school.

That there cannot be a democratic government which is safe unless it is founded on religious education was the text of his speech. Education that is not founded on religion is dangerous, he went on to state. The govern-

SENATOR REED HERE FRIDAY

U. S. Senator To Have Reception At The Castleton At 5 O'clock Friday

Arrangements have been completed for a reception for United States Senator David A. Reed and party to be held at The Castleton at 5 p. m. Friday, October 21.

The reception will precede the testimonial dinner to be given Senator Reed by Lawrence county Republicans at 6:30 o'clock at the same place.

All those desirous of meeting Senator Reed are invited to attend the reception regardless of whether they are attending the dinner or not.

Will See More of Salt Lake City Than Brigham

(Special To The News)

SALT LAKE CITY, Utah, Oct. 19.—While you are talking about progressing aviation don't overlook this company, the Western Air Express.

One year and a half ago they started with only 20 pounds of mail; today in here packed around me is 550 pounds.

We are coming into Salt Lake—only been six hours from Los Angeles.

Brigham Young might have seen more women than I have but I have seen more of Utah today than he ever saw.

Who said this country was all settled up.

Tonight we will see how it feels to fly at night.

Yours,

WILL.

Entire Family Burns To Death At Cleveland, O.

Husband, Wife And Four Children Perish As Flames Destroy Home

ORIGIN OF FIRE IS UNDETERMINED

(International News Service)

CLEVELAND, Oct. 19.—Trapped while they slept, Rufus Williams, laborer, his wife and four children perished in a fire which destroyed their home here early today.

The dead children are Bessie 7, Andrew 4, Annie May 3, and Letha May, 4 months.

The family lived in four rooms above a garage.

The origin of the fire has not yet been definitely determined, but Williams is known to have bought a new stove several days ago and neighbors believe that this may have been the cause of the tragedy.

The bodies of the parents were found on the floor beside their bed, while the bodies of the three older children were huddled close together near the door of their room, mute evidence of their futile attempt to escape. The baby's body was in its crib.

Kansas City Judges Slow Up Divorces

DOROTHY EMERSON EVANS

By J. C. JOHNSEN
Staff Writer for Central Press and New Castle News.

KANSAS CITY, Mo., Oct. 19.—It remained for the judiciary to put an end to this city's fast-growing reputation as a divorce center.

The action came just as courts were breaking speed records in granting divorces.

Decrees were being handed out with almost as much rapidity—and with just about as much ease—as marriage licenses.

Then came the case of Mrs. Dorothy Emerson Evans Brockett, wife of

Dr. Meissel Loses His Suit To Collect $18,479.52 On Note

Dr. Henry F. A. Meissel, who sought to collect $18,479.52 on a note alleged to have been given by the late George Greer, lost his case on Tuesday afternoon when the jury in the Lawrence county court brought in a verdict in favor of the defandant, Robert C. Love, executor of the Greer estate.

It only took the jury between 15 and 20 minutes to decide the case. The defense fought the case on the grounds that the alleged signatures of George Greer, as maker, and W. D. Wallace as a witness were forgeries. The case was tried before Judge R. C. Hildebrand.

Governor Of Michigan Saves Pay Checks For Daughter Who Refuses Them

MR. AND MRS. NORVELL TYRRELL

By JOHN L. SHIELDS
Exclusive Central Press Dispatch to New Castle News.

LANSING, Mich., Oct. 19.—Norvell Tyrrell and his young wife, Peggy, have bought a home. They will, when the money has all been earned and paid, have spent $3,000 for it.

There is nothing new in the fact that two young married folks have bought a home. But that Mr. and Mrs. Tyrrell should buy it, under the circumstances, is news.

Mrs. Tyrrell is the daughter of Governor and Mrs. Fred W. Green of

VOLUNTEERS GIVE BOOST

Two Contributions Of $1,000 Each Made To Community Chest

MAY RAISE $10,000 DURING WEEK

A check for $1000, donated by Percy L. Craig, president of the Pennsylvania State Sabbath School Association, the third day of Volunteer Givers' Week at The Castleton booth got under way this morning under the direction of Mrs. J. W. Reis, chairman for the day.

Within fifteen minutes of the time that the women had started to work, they had collected over $1200.

To date, the grand total which has been collected this week is $4574.00. Herbert Peairs, director of the drive, has asked the women to get only $5000 during the entire week, but now, he thinks, as the work is going so well, that he will raise the amount to $10,000.

Raise $2275 Tuesday.

Tuesday was high day so far for the Volunteer Givers' workers at The Castleton booth. A check for $1000

Carroll Granted Parole By Sargent, Will Return Home

New York Theatrical Producer Must Lead Exemplary Life On Broadway

(International News Service)

WASHINGTON, Oct. 19.—Earl Carroll, New York theatrical producer, who is going back to the white lights after 18 weeks in Atlanta prison, must lead an exemplary life on Broadway, under the parole granted him by the Department of Justice.

Conditions provide that he must not drink, must not frequent places where intoxicating beverages are sold, and must not associate with persons of bad reputation.

Carroll was sentenced to a year and a day for perjury as result of his famous bath tub party. He has been a model prisoner in Atlanta.

Attorney General Sargent granted the parole in less than an hour after a recommendation was received from the Federal Parole Board.

Carroll became eligible for parole on October 8.

Many Visitors Here To Attend Great Reunion

Scottish Rite Cathedral Is Scene Of Big Gathering Of Prominent Men

MEALS ARE SERVED TO GREAT THRONG

Reunion Will Be Continued Throughout Thursday Afternoon And Evening

With hundreds of visitors already in the city for the annual reunion of the Ancient Accepted Scottish Rite many more arrived in the city today, some to take part in the work of the reunion, others to receive the various Consistorial degrees and still others visitors.

Listed among the visitors are men high in the councils of the fraternity from many corners of the United States. From as far west as Oklahoma, from Kentucky and Massachusetts, from New York and Ohio they are here and the number will continue to grow until on Thursday the Cathedral auditorium will probably be pressed to hold the crowd.

Cathedral a Busy Place.

To properly handle the reunion requires the services of hundreds of men and women in the Cathedral. Secretary John B. Bechtol has a large corps of assistant handling the detail work, the degree teams number secores of others, reception committee members, transportation committee men and down in the basement ap-

Detroit Pilot Reported Missing, Forced Down By Rain And Fog

(International News Service)

BOSTON, Oct. 19.—Eddie Stinson, Detroit airplane designer, reported missing with his wife and four companions in a Stinson-Detroiter plane, is safe. The fliers, forced down by fog and rain on a farm near Sherborn, Mass., 30 miles from this city, motored to Boston early today.

No one in the plane was hurt. Stinson and his wife were accompanied by Baron Ravene Barnekow, a German aviator; J. T. Whittaker, Stinson's mechanic; Philip Ashby and Fred Koehler.

The fliers, reported missing in the rain storm over New England, had been hunted throughout the night by police and airport officials.

French Aviators Start On Flight To Buenos Aires

(International News Service)

RIO DE JANEIRO, Oct. 19.—Dieudonne Costes and Lieutenant Joseph Le Brix, French aviators, took off in the plane "Nungesser-Coli" at 3:35 a. m. today for Buenos Aires, Argentina.

The fliers' take-off was accomplished only after several futile attempts to get their heavily loaded plane to rise.

This flight marks the final stage of their flight from Paris to the Argentina capital.

Costes and Le Brix circled the field several times and then headed towards Buenos Aires, where they are expected about 5 p. m. today and where a tremendous welcome has been prepared for them.

As a novelty, the fliers planned to unfurl a huge Uruguayan flag when they pass over Montevideo, the capital of Uruguay, across the bay from Buenos Aires.

LIEUTENANT GOVERNOR ARRIVES THIS AFTERNOON

Arthur Horace James of Plymouth, Pa., lieutenant governor of the Commonwealth of Pennsylvania, will be the guest of the Ancient Accepted Scottish Rite bodies this afternoon and evening. With Mrs. James, and City Engineer Johns of Wilkes-Barre, the lieutenant governor will arrive in the city at 5 o'clock and at 6 o'clock will be the guest of Illustrious Commander William H. Dunlap at the dinner served to the members in the Cathedral dining room.

The lieutenant governor is still a young man, but has had a meteoric career in public service. He served as district attorney of Luzerne county with distinction and in the primaries of 1926 offered himself as a candidate for the lieutenant governorship. He was nominated and elected and as president of the Pennsylvania State Senate in the Session of 1927 attracted the attention of older members of that body through his capable leadership.

This is not his first visit to New Castle, he having been here in the campaign of 1926, and at that time visited a number of the industries of the county. He is a forceful speaker and has a dynamic personality. He is a member of the Bloomsburg, Pa., Consistory of the Ancient Accepted Scottish Rite.

Plant Trees In Public Square As Honor To Federated Clubs Head

SERVICE IS HELD IN Y. AUDITORIUM

Years of service in civic and church work by Mrs. Charles Greer was recognized Tuesday afternoon when two sycamore trees were planted on the Public Square and a unique service held in the Y. W. C. A. by the Lawrence County Garden Club.

There has never been any service in New Castle just like that one in the Y. W. C. A. Tuesday afternoon. It was unique in many respects. First of all, it did something that is done all too little, it was a public recognition of an altruistic service, and secondly the recognition did not take the usual form of remembrance, but was instead a pair of trees.

Service Impressive

The service was held in the auditorium of the Y. W. C. A. because of the inclement weather and was in itself a tribute to the genius of the woman who was being honored. Mrs.

Marines Inflict Heavy Casualties On Nicaraguans

(International News Service)

WASHINGTON, Oct. 19.—American marines again have inflicted heavy casualties on bandits in Nicaragua.

The navy was advised today that about 70 brigands were killed or wounded in a fight with marines and native constabulary who were searching for Lt. E. A. Thomas of Richmond, Ind., and Sgt. Frank E. Dowdell of Carbondale, Ill., marine aviators. No marines were killed. Four native guardsmen fell.

Thomas and Dowdell were last seen running from their airplane after it had crashed to the ground and caught fire. It is believed they have been killed or are held by bandits.

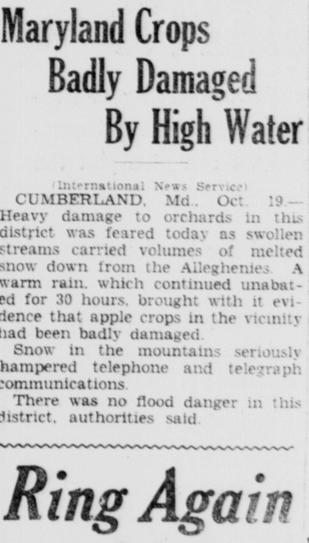

New detachments are being formed to hunt for the missing flyers.

Maryland Crops Badly Damaged By High Water

(International News Service)

CUMBERLAND, Md., Oct. 19.—Heavy damage to orchards in this district was feared today as swollen streams carried volumes of melted snow down from the Alleghenies. A warm rain, which continued unabated for 30 hours, brought with it evidence that apple crops in the vicinity had been badly damaged.

Snow in the mountains seriously hampered telephone and telegraph communications.

There was no flood danger in this district, authorities said.

Defense Counsel Shifts Blame In Oil Transaction

Littleton Declares H. M. Blackmer Responsible For Situation

BLACKMER HAS BEEN STAYING IN EUROPE

Attorney Goes Into Defense Plan In Detail For Jurors' Benefit

By GEORGE E. DURNO
International News Service Staff Correspondent

WASHINGTON, Oct. 19.—The onus of the Continental Trading Company oil deal, out of which Ex-Secretary of Interior Albert B. Fall is alleged to have received $230,500, was placed upon H. M. Blackmer, former chairman of the board of the Midwest Refining Company, by defense attorney, Martin W. Littleton, today as the Fall-Sinclair conspiracy trial warmed up.

Blackmer has been in Europe for more than four years, avoiding appearance in the oil trials, and since this case began has sent an attorney into court to defy the government's right to subpoena him.

Harry F. Sinclair, Littleton told the jury, had no part in the forming of the Continental Trading Company, which, he inferred, consisted solely of Blackmer. Rather, Sinclair came to the Continental to purchase oil for his own concerns.

"Sinclair never got a cent out of Continental, and never had anything to do with it," the attorney said.

Littleton also explained away the $25,000 in bonds Sinclair sent Fall after he was out of office. Fall had been engaged as counsel for Sinclair to go to Russia and had certain immediate necessities to meet. As Sinclair was in Europe the bonds, being available, were sent him, that being easier than reaching Sinclair to sign a check, Littleton said.

WILL UNVEIL BRONZE PLACQUES

Ceremony To Take Place At Cathedral On Thursday At Noon

At noon Thursday, October 20, there will be unveiled in the lobby of the Scottish Rite Cathedral two bronze ornamental placques which have been placed on the walls one on each side of the main entrance to the auditorium.

The placques are the gifts of Benjamin Sterrett Agnew and Fred L. Rentz of this city and will add much to the appointments of the Cathedral lobby.

The unveiling exercises will be open to the public and with the large number of members of the Scottish Rite bodies present the lobby will undoubtedly be crowded.

You may think that your health is right, that you will live a hundred years, and for the future that you face, you have no doubts, no grinding fears. But just as you are seeing things through glasses colored like the rose, some agent for insurance comes and socks you on the well known nose. "How do you know" he blithely asks. "If you will see another day, and if you shuffle off tonight, who will be left to pay and pay, for those you leave, who needs must eat and wear good clothes when you are gone," and thus the agent worries you and in this vein he carries on. "How much insurance have you got, what is your age, how do you feel," and soon you haul your fountain pen, in answer to his lengthy spiel. "They park upon your office step, they haunt you when you sleep or play, insisting that you be insured, the weather's forty-six today.

"Old Main" Bell Of Westminster To Ring Again Carnegie Steel Company Will Remould Bell

By R. X. GRAHAM
(Special To The News)

NEW WILMINGTON, Pa., Oct. 19.—That Old Main Memorial, Westminster's new building, will embody something of "Old Main" in reality as well as in name was settled Friday afternoon when employees of the Farrell plant of the Carnegie Steel Company called for the old bell, which since 1861 has called the students of the old college classes and assembly, and hauled it to Farrell where it will be melted and sent to the Edgar Thomson plant at Braddock for recasting. It will be placed high in the Gothic Memorial tower of the new edifice.

Bell Salvaged From Fire

When "Old Main" was completely destroyed by fire on the morning of January 24, the old bell fell into the seething cauldron below and was not located until many weeks of digging and carting of debris brought it to light. When found, a large piece was broken out of the bell proper and the trunion was broken off, but it was looked upon by friends and alumni of the college as the only remnant of the old, golden past, the shrine of which was "Old Main." Immediately, friends of the institution raised questions concerning the use of the old bell as a memorial. At first it was thought by some that it might be placed on a pedestal somewhere on the campus. Others thought that it could be placed in a glass case in the halls of the new building. Officials of the college, however, merely waited without committing themselves.

Pamphlet Renews Interest

The publication of the "Old Main Memorial" booklet in May again started alumni and friends thinking of the proper disposition of the old relic. The cover design of the pamphlet, containing a line drawing of the tower superimposed upon a drawing of the old bell, was captioned. "Where the old bell will ring again."

Among others who caught the significance of this phrasing was Charles H. Jaxtheimer, a mechanical engineer at the Farrell plant of the Carnegie Steel Company and a gradu-

Atlantic Coast Swept By Gale

Shipping Imperiled, Towns Damaged As Severe Gale Blows On Seaward

MERCURY DROPS TO 48 DEGREES

(International News Service)

PHILADELPHIA, Oct. 19.—Shipping was imperiled and cities and towns were damaged last night and early today as a gale lashed the Atlantic seaboard and swept inland over eastern Pennsylvania bringing snow, sleet, rain and biting northern winds.

A woman and four men were rescued from the coal barge old dominion of the Neptune line, off Ocean City, Md., after eight men of the crew of the coast guard cutter Gresham heroically fought a 60-mile gale for 15 hours.

Reports from towns on the coast early today stated the storm had caused extensive damage but was subsiding. In this city and the vicinity trees were uprooted and wires were torn down by the wind. A chill driving rain endangered traffic.

Train service upstate was delayed. Many serious traffic accidents were reported here and in all parts of the state.

The rain and cold will continue today, according to the weatherman. The mercury dropped to 48 degrees yesterday.

Roadhouse Suffers Damage By Fire

(International News Service)

SCRANTON, Pa., Oct. 19.—A charge of dynamite, planted under the Pekin Inn, a roadhouse near Elmhurst, Pa., near here, badly damaged the resort during the night, according to a report received here today.

State and county authorities were rushed to Elmhurst.

First reports were that rival roadhouse gangs were responsible for a reign of terror in that vicinity, and that one faction had planted five sticks of dynamite under the inn.

It was believed no one was hurt.

NEWLYWEDS SPURN DAD'S AID

(Continued From Page One)

Michigan. The governor, for years a manufacturer in Ionia, Mich., is reputed to be a millionaire.

Offers Salary to Children.

Green took office last January. To date, he has cashed none of his salary checks—amounting to $10,000 a year—all of them being kept for "Ty" and Peggy. But the youngsters, "Ty", 22, and Peggy, 19, will have none of them, although "Ty" has only what he earns in a factory in Ionia.

Their's was a college romance. Both were students at Michigan State college at East Lansing last year. In January they eloped to Bowling Green, O., and were married. Their parents, having no objections to the match other than on the point of youth, welcomed them home and wanted "Ty", at least, to go back to school.

But "Ty" had a wife to support, he explained.

Keeps Them "Humping".

He went to work in an Ionia plant. Each morning Peggy drives him to work in a roadster that cost "Daddy" Green $3,500 before the wedding. Each noon she takes him a hot lunch, when the quitting whistle blows at 5 p. m., she is waiting for "Ty" at the factory gate.

There is not much joy riding in the big roadster. For, as Peggy says: "With those payments falling due on the house with startling regularity, it keeps 'Ty' humping. And me, too!"

When asked about the proffer of salary checks from the governor, "Ty" and Peggy said they were not so foolish as to scorn the money, nor were they acting.

"We are getting along on what we earn, and will continue that way," they say. "Of course, should we have illness in the family we would accept temporary financial aid, but we never have been ill, and we're knocking wood."

The governor glories in the spunk of the youngsters.

CITIZENS' NIGHT IS OBSERVED TUESDAY AT THIRD U. P. CHURCH

(Continued From Page One)

ment, both state and national, is founded on religion.

"There have been three discoveries of America," Dr. Green averred. "Teh first discovery of America came with the return to Spain of Columbus; the second with the discovery of the United States as an international power in 1898 and now in 1927 we are discovering that there are certain principles on which the nation is founded and one of these is the worship of the one true and living God.'

The Rev. Copeland next introduced J. L. Beatty of Pittsburgh, who is the architect of the church and Charles H. Andrews of the New Castle Mining and Clay Products company.

George T. Weingartner

In behalf of the state the Hon. George T. Weingartner next addressed the assembly.

Graphically he sketched the early days of the Third United Presbyterian church; the hard time that it had to get started; told of the first few meetings that were held in an empty store room on the East Side, and then congratulated the congregation, who, through their long sacrifice and perserverence, had erected the magnificent structure on the corner of Adams and Washington streets.

"Pennsylvania is run now on the same fundamental principles as it was in the days of William Penn, the founder of the Commonwealth. Now, as then, it is the state of free religion; anyone can worship as he chooses.

"And in Pennsylvania we have no Sunday baseball. Teams that play here on Saturday must jump to Ohio or to New York if they want to play on Sunday. Pennsylvania goes back to Christ for the laws on which the commonwealth is governed. It depends on Christ for salvation."

Fred L. Rentz

The next speaker to be called on the platform was Fred L. Rentz, president of the New Castle News, who spoke in behalf of the press.

"I can rejoice with the people of this church," he declared, "because I know the sacrifice that they have gone through. It is sacrifce that counts in this world, and the people of the Third United Presbyterian church have been doing it for some time. If I were to found another civic organization in the City of New Castle, I am sure that it would be based on the principle of sacrifice."

Mr. Rentz then recalled the early days of the church, and the early days of the plot of ground on which the church now stands. Many times, he said, he had received harsh words, and perhaps harsher blows, for not hoeing the potatoes which were grown on the land which is now the site of the church.

But he expressed surprise at the modesty of the people. Not once, he stated, had he been solicited. In his pocket he said, he had a check for $500 which he would be glad to donate to so worthy a cause. At once his offer was taken up by the pastor.

"I am glad that we have such a wonderful church in such a fine community, " he concluded, " and it gives me much pleasure to come here and see the new home of the church. And may I congratulate again the pastor and his congregation as a representative of the leading newspaper in New Castle?"

Percy L. Craig

After a solo by David West, Percy L. Craig, president of the Pennsylvania State Sabbath School Association, congratulated the church on having an enrollment in their Bible classes that outnumbered their church membership, and he expressed the hope that the church would gather in still more people, as there are many folks on the East Side who do not attend church schools.

In behalf of the law, James A. Chambers extended the thanks of the people of the community the things that made the law and government possible, for, he stated, without the churches there could be no law.

For the city, W. T. Burns offered congratulations, and for the Beaver Valley Presbytery, the Rev. Dr. S. E. Irvine spoke.

At the conclusion of the service, a quartet composed of R. B. McCown, Harry Thornburg, Griff Lewis and Albert Theophilus sang "Music in the Air." An organ postlude, Marche Pontificale, concluded the program.

Ushers for the evening were A. E. Maricher, Clair Alford, Lawrence McNight, Clarence Boston, John O'Neil, Edward O'Neil, Garth Kennedy and D. C. Brown.

After the meeting the Third U. P. Scout troop conducted those present on an inspection of the building.

"OLD MAIN" BELL OF WESTMINSTER TO RING AGAIN

(Continued From Page One)

ate of the college in the class of 1905. Mr. Jaxtheimer saw to it that a copy of the booklet describing the new building was placed on the desk of A. L. Cromlish, general superintendent of the Farrell plant of the Carnegie Company.

Early in August, Mr. Cromlish communicated with W. Charles Wallace, president of Westminster, offering to make a pattern of the old bell, melt it, and have it recast free of charge. When this was brought before the Westminster Board of Trustees in October, they were unanimous in their approval of the plan. Subsequent communications settled the matter and employees of the Farrell plant of the company hauled the old bell away Friday afternoon on the first leg of its journey toward restoration.

To Be Recast In Braddock

Mr. Cromlish, as general superintendent of the Farrell plant, will have a pattern made of the old bell, will melt the metal, and will ship both pattern and metal to the Edgar Thomson plant at Braddock where it will be recast in the brass and bronze foundry. Here, also, it will be remounted on a new trunion, and when finished will be delivered to the college to be placed in the tower of the new building. O. J. H. Hartsuff, general superintendent of the Edgar Thomson works in Braddock, is a personal friend of Dr. Wallace. He will superintend the recasting and remounting of the bell.

When restored, the bell will be exactly the same in size, shape, and tone as the old bell. The inscription on it, telling of its history, will be something tangible upon which to attach significance for college tradition.

Will Change Tower Plans

Supervising Architect Malcolm H. White of the Westminster building operations has had to change the interior tower plans considerably in order to have the old bell placed there. Original plans called for plate glass windows in steel window sash for openings high in the tower. These openings will, according to the revised plans, be covered merely with copper wire so that the ringing of the old bell can be heard all over the valley below.

A spiral stairway leading to the top of the tower will be included so that repairs may be made to the bell and so that it may be greased from time to time. This will necessitate the laying of two landing floors in the 110 foot stone tower, the alteration of plans for the tower windows and the cutting of a small doorway at the roof level in the tower.

Recalls Love's Article.

Announcement of the fact that the old bell would again be part of the tradition that is Westminster brought to mind Dr. R. J. Love's article which appeared in the United Presbyterian soon after the fire. Speaking of havoc wrought by the flames, Dr. Love wrote, "The old college bell, which for two generations has sounded the morning reveille over the peaceful valley of the Neshannock, or rung out the paeans of victory after the fierce contests of the athletic field or the forum, gave a few convulsive peals and was silent."

It was the last call of the old college to her sons and daughters; her farewell message to those who have long loved her. That peal echoed around the world. There is scarcely a region that it has not reached. The plains of China, the jungles of India, the rivers of Damascus, the holy hills of Canaan, the sands of Egypt, the mountains of Abyssinia, the classic lands of Europe, the rugged isles of Britain, the pampas of South America, and, stretching across the union of the states, from ocean to ocean, from lake to gulf, it has found a response in thousands of loyal hearts."

But, far outreaching the fondest hopes of every true son and daughter of Westminster, the old bell has not ceased to influence Westminster and hence the world. The old bell will ring again, a memory of the old and a prophecy of the new Westminster.

DEFENSE COUNSEL SHIFTS BLAME IN OIL TRANSACTION

tin W. Littleton, defense attorney, holding the floor and "giving all the facts" to the mixed jury which had been selected specifically because they hadn't read about the case in the newspapers.

Littleton admitted to the non-reading jurors that his harangue would be dull and uninteresting, but he pointed out it was all-essential they have a "thorough background" of the case in mind. He was tracing step by step, from the defense angle, the making of the Teapot Dome naval oil reserve lease which the government contends was fraudulently contracted between Former Secretary of Interior Albert B. Fall and Harry F. Sinclair.

A number of witnesses were on hand waiting to take the stand, most prominent among them being Assistant Secretary of Interior E. C. Finney, who urged Fall not to lease the oil reserves to any one.

Work Out Program

Littleton said that during the Wilson administration, the general board of the navy had worked out, as part of the national defense, a program for the storage on the Atlantic and Pacific coasts of 45,000,000 barrels of oil to be held in reserve against an emergency. It was to carry out this program that Fall and Admiral J. K. Robison, acting for the Secretary of the Navy, looked into the possibility of leasing the naval reserves and the procurement of royalty oil, he declared.

Robison was the dominant figure in the negotiations, according to Littleton, because the admiral wanted to see the general board's program carried out on the ground of national necessity.

"Secretary of the Navy Edwin Denby, in effect, approved," he said.

Admiral Latimer, then judge advocate of the navy, rendered an opinion declaring it perfectly legal for the navy to exchange crude oil for fuel oil in storage through lease of the reserves, Littleton continued, and upon the opinion of Denby wrote: "Do this E. D."

Advised Fall

"We shall show you that Assistant Secretary of Interior Finney advised Fall he had no doubt that he, Fall, had a perfect right under the law to make the lease," said Littleton.

"We'll show you by the terms of the lease itself that it was onerous to the last degree to Sinclair," he continued. He was referring to that portion which required the oil magnate to construct for the Government a 1,000-mile pipe line at his expense.

Littleton then got around to that portion of the indictment charging that Fall accepted a bribe in exchange for the lease. He took up the Continental Trading Company angle, which concern the Government alleges Sinclair and others formed to purchase 33,000,000 barrels of oil from the late Colonel Humphries. Profits from this deal went to Fall, it is alleged.

Littleton, however, said that H. M. Blackmer, former president of Midwest Refining Company who has remained in Europe four years to avoid testifying in the Teapot Dome case, had alone contracted for the oil from Humphries on Nov. 14, 1921.

Sinclair came into the picture only as a representative of his own companies desirous of purchasing the oil from Blackmer, the attorney asserted. Blackmer, it appeared, was acting only as a middle man who was turning over the Humphries oil at a profit of 25 cents a barrel, for, according to Littleton, when Sinclair and his associates appeared. Humphries and his lawyer, Senator Thomas of Colorado, were present.

Blackmer at that meeting said he wanted the transaction consummated in the name of the "Continental Trading Company of Canada." Senator Thomas, however, had never heard of such an organization, Littleton said, and insisted that as an indication of good faith Sinclair, Colonel Robert Stewart, of the Standard Oil Company of Indiana, James E. O'Neil, of the Prairie Oil and Gas Co., and others present endorse the contract.

"Sinclair, however, was present merely to purchase the oil for his own companies," he continued. "He never had any interest in the Continental Trading Company and never took a cent of profit from it."

MANY VISITORS HERE TO ATTEND GREAT REUNION

(Continued From Page One)

proximately 200 women are engaged in preparing and seeing the meals to the members.

With the almost limitless facilities of the Cathedral it is possible to conduct many activities at the same time, with none of them interfering with the other. The hours not used in formal presentation of the work are being utilized for entertainment features, the one of Tuesday evening being an organ recital by Paul Browne Patterson.

Distinguished Visitors.

The reunion always attracts hundreds of visitors from other cities and counties and from other Consistory bodies. Among the distinguished guests at the reunion are Edward Lewis, 33 degree of Pittsburgh, for many years warden of the county jail in Allegheny county; Samuel B. Knight of Emlenton, Pa.; John H. Boyle of Pittsburgh; Malvern W. Stanley of East Brady; John Luntz, Jr., of Baltimire, Md.; W. H. Dabe of Binghampton, N. Y.; D. W. Tangsdale of Cincinnati, O.; E. P. Stewart of Oklahoma City, Okla.; E. S. May of Randolph, N. Y.; J. E. Taylor of Wheeling W. Va. and John A. Lakewood, 33rd degree of Pittsburgh, Pa. This is but a few guests culled from the lists at random.

This afternoon Lieutenant Governor Arthur H. James will be the guest of honor at the dinner served in the dining room and will take part in an exercise to be held in the lobby of the Cathedral.

KANSAS CITY JUDGES SLOW UP DIVORCES

Robert M. Brockett, Jr., both of prominent families. She wanted a divorce, and her maiden name restored. She married Brockett May 7, this year, she said.

Fifteen minutes after hearing of the case started, Mrs. Brockett was granted a decree and restored to her maiden name.

The case set a new speed record. Not only that, but it brought about a conference of the ten judges of circuit court. They decided that divorce cases in the future will not be heard until the term following that in which the case is filed.

Since cases are docketed 15 days before the opening of the term, it will be impossible for divorce seekers to obtain court action in less than 15 days under the new ruling.

Patterson Plays Cathedral Organ

Consistory Members Are Given Pleasing Recital On Tuesday Evening

Members of the Ancient Accepted Scottish Rite were treated to an innovation in the usual three-day program of the reunions held in the cathedral when on Tuesday evening Paul Browne Patterson, well known local musician, presented a recital upon the Greer Memorial organ.

The recital came between the dinner period and the opening of the evening degree work and was a pleasant break in the routine of the day's events.

It was the first recital played on the new organ by any local musician and Mr. Patterson proved himself equal to the wonder instrument which was recently dedicated. His program was a pleasing mixture of some of the so-called "heavy" numbers with airier numbers. He opened with the grand processional march by Gounod, from that swung into "The Evening Star" by Wagner and following these numbers presented some of the works of Bizet, Easthope Martin, A. Thomas, Johnson, Elgar and Handel. His closing was the ever loved Handel's Largo and as the last echo of the ponderous music died away the audience broke into unrestrained applause.

TRIBUTE TO MRS. GREER

(Continued From Page One)

S. De Graff Pearson, the first president of the Garden Club, under whose auspices the presentation was held, presided.

Following the invocation by Dr. H. C. Weaver, pastor of the First M. E. church, Paul A. Welsh sang "Trees", accompanied by his wife. Mrs. S. M. Matheny, a personal friend of Mrs. Greer's for many years, and a co-worker with her in the Federation of Women's Clubs, spoke first and told what the leadership and judgment of Mrs. Greer had meant to the clubs.

Dr. C. C. Green, superintendent of schools, spoke on the value of the Federation to the schools of the city and lauded Mrs. Greer for her work as he had found it since coming to New Castle. Mrs. D. R. Harris read the poem, "He Who Plants a Tree" and Bart Richards spoke on "A Living Memorial". Mrs. Marcus Feuchtwanger, president of the Lawrence County Garden Club, then presented Mrs. Greer with the two trees and expressed the hope that she would be here many years to enjoy the gift.

Difficult of Response

Such a gift and such laudatory tributes made the job of responding most difficult and Mrs. Greer can be pardoned if she spoke but briefly. Her very evident emotion spoke far more the deep appreciation she felt than any collection of words. The girls of the Welfare House closed the program with "America", and Rabbi J. P. Menkes of Temple Israel pronounced the benediction.

Mrs. Charles Greer has been a force in the work of the Federation of Women's Clubs. For 12 years she has been president of it and under her leadership the program of helpfulness has been advanced until today the Federation holds an enviable place in the civic life of the city.

The gift of the trees was a pretty courtesy, one well deserved and one that will no doubt be held in loving memory by Mrs. Greer as long as she is permitted to be here.

CHEST DRIVE TEAMS TO MEET

(Continued From Page One)

General Organization company of Chicago will attend the meeting and be the speaker of the evening.

"The campaign starts Monday, October 24, and this will be the last meeting before the drive starts," declares Mr. Peairs. "So far, I am very much pleased in the way that the people have responded. In the beginning, I had only asked for 30 teams, but now I have 38. This, I believe, shows that the various organizations participating in the drive are very much interested. In fact, may I say that this is the best Community Chest organization with which I have ever been connected

"The volunteer giving is going so well that we have $8,000 more now than they did on the opening day of the drive last year. And we expect to have more than that when the drive opens this year as there are yet four days left in this week on which people will be urged to give voluntarily. "

INSURANCE FOR IMPROVEMENT

THE American Bankers' Association recommends the issuance of some form of insurance as a guarantee against future want for the working classes of the country. The proposal contemplates independence in old age for the wage earners and workers for small salaries.

It does not mean that the bankers are in favor of old-age pensions or any other socialistic form of patronage or tax-supported workers' compensation. The insurance the bankers have in mind is one on the same plan with modern life insurance, the premiums on which would be paid from the worker's earnings and left to accumulate and bear interest until the insured is too old or is physically unable to work.

There is no more socialism in such a plan than there is in the plan of business of any of the private insurance companies, and if it were socialism the bankers would not sponsor it. None knows better than the bankers the evils which would inevitably result from tax-supported old-age pensions and the other socialistic plans for obtaining government dole for the improvident and shiftless.

It is undoubtedly the wish of the bankers' association that means be found, if possible, for helping the workers to economic independence by giving them cheap retirement insurance, but if the means are found will those who most need it insure themselves against future want by setting aside the necessary portion of their earnings? In view of the opposition encountered by compulsory industrial insurance plans it is feared that the form of insurance has not yet been evolved which can make the improvident provide for the proverbial rainy day.

TRANSATLANTIC MAIL SERVICE—PERHAPS

CHARLES A. LEVINE, landing in New York from the Leviathan, announced that within two years he would have a transatlantic air mail service in operation. Well, perhaps, but conditions are all against him.

The ocean flights have piled up convincing proof that anything like regular crossings is entirely out of the question until a way is found to make the plane storm proof, fog proof and capable of flying in any kind of weather. That way hasn't been found yet.

Planes wait day after day and week after week for favorable reports. Even then they don't always succeed. As for flying from Europe to the United States, no one has accomplished that feat.

It would be foolish to predict that air liners across the Atlantic will never be possible. What has been shown is that they are impossible in our present state of knowledge.

NEW NOTE IN ARBOR DAY PROCLAMATION

GOVERNOR FISHER'S designation of next Friday as Fall Arbor and Bird Day is his first official proclamation since taking office. Until now such matters as required an executive initiative have been handled by the issuance of statements. The spring Arbor Days of last April were celebrated without formal proclamation.

There is something impressive in the fact that the governor has been at the helm for nine months without overdoing the proclamation business. In no disparagement of worthy motives or meritorious causes, President Coolidge took a similar stand last week in his attitude toward Education Week. Everybody admits the value of education in the abstract and many are in sympathy with the idea of devoting a special week for the propaganda. But the president's action found prompt approval even from the hostile press. It was recognized that the practice may be cheapened when carried to excess.

In setting October 21 apart for nature lessons Governor Fisher mentions the fact that this is the centenary of Pestalozzi's death, says the Philadelphia Inquirer. The Swiss educator advocated the principle of teaching through observation, which the governor happily applies to the forestry and ornithology programmes. Incidentally, this year is the golden anniversary of Dr. Rothrock's series of lectures in Philadelphia which resulted in 1885 in creating Pennsylvania's first official Arbor Day.

AUCTION SALES

Mother's at an auction sale,
And filled am I with fear.
A leaf before an autumn gale,
When winter hovers near,
Is not, as she, so weak and frail
Before an auctioneer.

A toper, when the rum is out,
More willingly I'd trust
To see the glass and turn about
Than mother in the dust
Of rubbish, where the criers shout:
"What's offered for the bust?"

Temptations of the sordid kind
Her soul do not ensnare.
She has indeed a lofty mind
And loveth all things fair,
But she will walk ten miles to find
Somebody's ancient chair.

The rugged, loud-voiced auctioneer
She joys to gaze upon,
And though his breath may smell of beer,
And though his face be wan,
Her very pulses race to hear
His: "Going, going, gone!"

According to some mental twist
Temptation lures us here—
He has us all upon his list.
Each one of us is queer.
And mother simply can't resist
The loud-voiced auctioneer.

American tourists spent over two million dollars in Canada during the past summer, but very few bought liquor. That $2.50 for a permit made many of them take their liquor with them. Many men would not pay two fifty for all the booze they wanted to start with.

"Will you marry me, Samantha, and marry me quick?'

"Yes, I will" was the reply. "Who's speaking?"

In the old days a man could qualify as a good provider without bringing home a new dance record every night.

New Castle News:—
My Dear Sir:—Enclosed you should find six cents in postage for which I would have you mail to "Mr. Levon N. Zenian, 304 Renshaw Building, Pittsburgh, Pa.," Friday's issue of your valued paper.

I have received the four issues of your paper and the report given of the great State Sunday school convention therein has never been equalled during the 15 years I have been following closely the annual event. I would loudly endorse the sentiments as expressed in President Craig's letter of appreciation to you.

Will Rogers' $5,000.
An Old Engineer.
Our Money In Europe.
Maine Votes Today.

By ARTHUR BRISBANE
(Copyright, 1927, By N. Y. American, Inc.

For Mr. Will Rogers, publicist, actor, cowboy and philosopher, the flying problem is settled. Today, for instance he starts from Beverly Hills in California by air to New York city and in a day or two he will fly back again.

A few days ago Mr. Rogers offered to bet one of his old friends $5,000 that President Colidge will run for President in 1928 regardless of his "I do not choose" statement. Mr. Rogers realizes now that his friend could not properly bet and take Mr. Rogers' $5,000 on a certainty, so the bet is off and Rogers is happy.

Perry Thomas one of the oldest, most trustworthy engineers on the New York Central was soon to retire—as soon as he had saved a little more money. Before the day came a head-on collision ended his life and as he lay dying in the hospital the old engineer, desiring to free everybody else from blame told witnesses the accident was his fault. He had run by a block signal in the fog.

This reminds the public how much depends on the railroad engineers. They should be better paid than they are now. And they might well be retired on full pay without waiting until age dims their sight and dulls their nerves. The public would be willing to pay for it.

Senator Glass of Virginia says President Coolidge has no right to control, approve or disapprove American loans abroad by private financial concerns.

But suppose Europe borrows to build up fighting machinery that might be sent against this country, would that make any difference to Senator Glass?

And suppose baners encourage Americans to invest money in European bonds drawing usurious rates of interest that may be repudiated later on, would that make a difference?

The state of Maine today makes up its mind about retaining the direct primary or going back to the old plan and letting the bosses select both two sets of candidates saying to voters "you must take one of these sets and either will suit me, and the big fellows that hire me."

Under the boss convention system intelligent organized finance gets the candidates it wants, for a reasonable price from the bosses. Under the primary system the big fellows must buy their nominations at great expense, spending millions as in Pennsylvania and elsewhere recently. The boss convention system is cheaper for the big fellows. Therefore it will probably come back.

We do fairly well in America by enabling the little man to have his automobile, radio and savings bank account. But we DO NOT TAKE HIM SERIOUSLY.

Dr. Barnes British bishop of Birmingham, entering the pulpit of St. Paul's Cathedral in London was denounced by a fellow clergyman as a "false heretical teacher." Bishop Barnes accepts the plain truths of geology written in the rocks. God certainly wrote that story in the rocks according to the bishop, whatever may be said about other writings.

The Bishop even accepts the theory of evolution with 95 per cent of other educated men in the world.. Inge, dean of St. Paul's, even says that the attacks of inspiration to which St. Paul was subject were really epileptic attacks.

Those gentlemen would have been burned alive a few years ago but that method of curing heresy has been abandoned for he present.

THE FLY SWATTER

Everything is aviation nowadays. New air ports are being constructed, new aviation lines laid out and the air is full of the hum of wings. Since Lindbergh flew across the Atlantic many lives have been lost in trying to imitate him. We are in for an era of aviation.

The commonest aviator, however, known to most of us is the house fly. Attention has recently been called to this lively and efficient pest.

He is the cause of many diseases. He flits from the muck heap in the stable yard to the baby's face, and goes from the garbage pail to the dinner table. He is the commonest of all microbe carriers. Since we have discovered that microbes are the cause of most of the diseases, our attitude toward the house fly has changed. From being regarded as a harmless pest he has come to be looked upon as a most dangerous menace.

And now announcement is made in the press that the discoverer of the fly swatter is one William Laser, of Chequamegon, Wisconsin. He is an unknown and modest hero, but really one of the benefactors of the human race.

He never capitalized his genius, and anybody with invention enough to put a piece of screen on the end of a stick can make a fly swatter.

The fecundity of flies is well known. Birth control is not among their virtues. They will deposit some twenty clusters of eggs with 120 in each cluster and then go around and hunt out a bald head to sit on while the eggs hatch. In two weeks the young are ready for their active career. As a reproducer the fly is a humdinger.

When Nicholas Murray Butler announced that there has been no great men for the last two thousand years we like to think of Bill Laser, who is still living and occasionally fishing on Chequamegon Bay. He has never made an appearance on the vaudeville stage, nor has he been given a pension by the government, but he has contributed about as much to the satisfaction of the human race as any man we know.

The World AND THE Mud Puddles

COMPULSORY EDUCATION

Is there anything the matter with the Public Schools in the United States? They are coming in for a lot of criticism just now. "Reading, Writiing and 'Rithmetic" are not taught as they "used to was." Business men are complaining. They say that for an office boy, or a messenger boy, or a clerk, they ask for little learning, but what little is needed they very much desire the boy or girl to have. They say that as much reading, writing and arithmetic as the youth should naturally have at the age of 16, together with a few subsidiary matters, of which spelling would certainly be one, should be perfect. Business men say they don't get more than fifty per cent results.

One writer calls attention to the situation in Cleveland. Its population is about two and a half times what it was a quarter of a century ago, and its expenditure on schools has multiplied something like fourteen times, so that it costs eight times as much in 1926 to teach a child in one year, as it did in 1900. The writer wants to know whether the product is better or not, and continues to remark that some of the citizens of Cleveland are saying that it is not so good and saying it vigorously. He does not pick out Cleveland Individually for criticism.

In 1921 the State of Ohio made school attendance compulsory up to the age of eighteen. The theory of the legislators evidently was that a child who has been compelled to attend school for twelve years will know twice as much as a child who has only attended for six years. There is no such arithmetic. More truly scientific investigation has shown that for a large number of children their possible development culminates at the age of eleven, and that the overwhelming majority do not grow mentally beyond the age of fourteen.

Indeed, these figures show a considerably higher degree of general intelligence that we are entitled to assume. In our conscription for the Great War the intelligence tests did not yield anywhere near these modest results. In certainly seven cases out of ten time spent at school compulsorily between the ages of fifteen and eighteen is worse than wasted. The time of the teacher is wasted, and the taxpayer's money so spent does far more harm than good. As a writer in the Cleveland News correctly says, you can compel a child to go to school, but you can not compel it to learn.

Any really thoughtful person would see that no better plan of encouraging youthful crime and the "gang" spirit could be devised, so far as least as the boys are concerned. They want pocket money at that age, and they are not allowed to earn it. Their minds are not really employed at school, and the Devil abhores a vacuum of that kind. He is a specialist in finding something to fill idle minds. Every child who can qualify for higher education should get it. Every penny spent on the child who cannot is worse than wasted.

Any critic of this sort of squander is accused of being the friend of ignorance and the enemy of public education. It will be found before long that he is the best friend real education has ever had.

In Day's News

The Marquis of Londonderry, who is mentioned as most likely to succeed Viscount Craigavon as Premier of Northern Ireland, has been a leader of the Ulster movement and one of the staunchest supporters of the British Unionist party in its opposition to home rule for Ireland. During the Liberal administrations of the period from 1906 to 1915, he sat in the House of Commons as Conservative member for Maidstone, and during the war he was second in command of the Royal Horse Guards. The Marquis, whose full name is Charles Stewart Henry Vane-Tempest-Stewart, comes from an Irish family which first became enrolled among the nobility with the creation of Baron Londonderry, in 1789. Viscount Castlereaugh, as he then was, succeeded to the title and the large estates of his father upon the latter's death in 1915.

C. B. D. CHARLES B. DRISCOLL

A FINAL SAFETY FACTOR.

When nine men jumped out of a big airplane in 18 seconds and all landed safely, there was a demonstration of a final safety factor for passenger planes.

Air liners will have to carry parachutes for passengers, just as ocean liners carry life preservers.

Airplanes do not fall very often. When they do fall they make an awful crash and there is still novelty enough in cuch an accident to attract a great deal of attention. The average railway passenger probably still is a bit plane shy.

Travel in airplanes in all weathers and over all kinds of earth and water will become much safer than travel in automobiles when the helicopter is perfected and adopted for general use. When a plane can hover at a stand-still in the air and rise and alight vertically, air travel will be the safest kind of transportation.

Meantime there will be much airborne passenger traffic. And flying travelers will have to become accustomed to the idea of using a parachute in extreme emergencies.

* * *

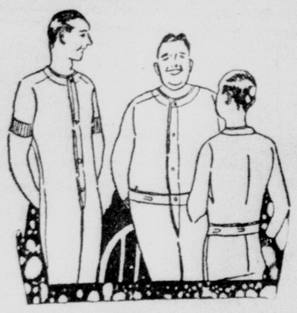

It won't be exactly pleasant to jump out of a ship at an altitude of a thousand feet and trust to the parachute to get you safely to earth. Bu then it isn't pleasant to jump off an ocean liner in mid-ocean and trust to a life preserver or a ruber raft to get you safely to shore either.

Not many passengers have ever had to resort to life preservers in the cold salt water. But when the ship has disappeared under the waves those who have been fortunate enough to get a life preserver have felt themselves tremendously in luck. Laws provide that there must be life preservers in good condition on every passenger-carrying boat and plenty of them to go around. When flying gets itself into the statute books in earnest there will be provisions for parachutes, the life preservers of the air liners and all passengers will have to know how to use them.

* * *

As a matter of fact the parachute leap from an airplane seems to be about as safe as a trip in an elevator in any tall building. When we become accustomed to airplane travel our pasenger planes will be required to travel at a high altitude which is a primary safety factor. And in the final emergency when and if it comes passengers will jump to safety

PARIS, Oct. 19.—Bobbed hair and the shaved neck are going out, agree Paris hairdressers, who have opened an exposition here. They say the old knot at the back of the neck will return to feminine fashion.

They admit they predicted the same thing a year ago, but this time they say it is inevitable. To induce women to let their hair grow they are offering a number of new styles of headdress, the principal of which feature large combs.

The Daybook OF A New Yorker

BY BURTON RASCOE

Exclusive Central Press Dispatch to New Castle News.

NEW YORY, Oct. 19.—The most pitiful exiles this week in our city were two mallard ducks caught in the pent house on the roof of the Hotel Belvedere in Forty-eighth street. The drake had been wounded in the leg, and his mate tried jealously to guard him when two workmen, mending a leak in the coping, captured them. The manager of the Belvedere humanely put the devoted duck couple up for the week, until the male's wing was strong enough to bear him up again. The bell boy who brought the two birds water and biscuits found their presence in the hostelry far more exciting than ever that of the occasional stage people who patronize the place.

There's a rosy cheeked Brooklyn girl with Irish eyes who runs the tower building elevator in the Woolworth building. Her beauty secret, she tells anyone who cares to know, is living in high altitudes. Swiss mountain climbers and trudgers to the Grand Canyon have nothing on her. Of course, at night she has to leave her eyrie and traipse home by way of the underground railway to Brooklyn, but she gulps down so much fresh ozone all day long that her school girl complexion is the envy of all the girls in Canarsie, Prospect Heights and Greenpoint.

Panorama of New York. . . Water mains burst in Fifth avenue above Ninety-sixth street provide playtime puddles for all the children in the neighborhood. . . Hispano Suizas and Fords plough bravely through it, splashing rich and poor alike . . . Three mere males sit disconsolately on the bottom step of the flight leading up to the Bronx Maternity hospital, obviously awaiting the good news . . .An elderly gentleman in correct English clothes unpacks his intimate garments in the center room of Pennsylvania station, oblivious to the sly smiles of the populace . . . Tired immigrants sprawl on their heaps of luggage in a balcony overlooking the main part of Grand Central, listening drearily to the admonitions of the Travelers' Aid ladies who mean so well but scare them to death . . . Dozens of dashing undergraduates in equally dashing new outfits bustle by, bound for New Haven and Cambridge . . . I try at three different shops to buy "The Canary Murder Case" for a friend who's starting on a cross continent journey, and get the "sold out" sign at each shop. At the last place the girl clerk suggests "Mother India" as a likely substitute.

* * *

The exquisite Elsie Ferguson, the basso profundo Nance O'Neil, the intense Helen Freeman—all were incapable of rescuing "The House of Women" from the doldrums the other night. This, the dramatization of Louis Bromfield's "The Green Bay Tree' struck all who saw it as a dull piece, without life or conviction. It seems to me that the various pieces fashioned from novels and short stories for the past season or two have been shrill failures. "The Letter" was a thin and long drawn out drama, just as "The Green Hat" of two seasons back was. Of course, all the Cornell fans will "simply adore" the Maugham play, just as they got a tremendous kick out of nasty-nice audacity of the Arlen piece. I doubt, however, that the Bromfield drama will have any vogue at all. The characters all seemed worked by invisible wires. There is no authenticity in them. And moreover, the atmosphere is hybrid . . . never for a moment was I convinced the Shanes were born of the soil of the United States of America. They seem like Ibsen out of Galsworthy.

AN EASY WAY TO LOSE FAT

Instead of abnormal exercise or diet, they combat a cause of excess fat. They supply an element Nature employs to turn food into fuel and energy. This method was discovered by research men some two decades ago. It has for 20 years been embodied in Marmola prescription tablets. Millions of boxes have been taken, and almost every circle shows the results in new beauty, new health and vitality.

The formula comes in every box, also the scientific reasons for results. So users have no fear of harm. Go learn now what Marmola does for excess fat, and why. Your druggist supplies it at $1 per box. Take four tablets daily and watch the change.

Dazzling Teeth

That Movies' $100,000 Stars Use and Leading Dentists Urge.

Accept 10-Day Tube to Try

SCIENCE has made important discoveries in restoring "off-color" teeth to clear whiteness, and in firming tender gums. One's whole appearance may be quickly changed.

Most tooth ugliness (as to color) now is traced to a film that forms on teeth. You can feel it with your tongue—a slippery sort of coating.

That film absorbs discolorations, breeds bacteria, invites tooth decay and gum troubles. Old-type dentifrices failed to combat it successfully.

That's why your teeth are now off color. Clear it off, and you'll be amazed at what white teeth you have.

High dental authorities urge a new-type, film-removing dentifrice called Pepsodent . . . different from all others. You feel that film coat go. Beautiful color and high polish come.

All druggists sell Pepsodent in large tubes. Or send coupon for test free. Do this now.

Beggar Whom She Gives Dime Turns Out To Be Husband

CHICAGO, Oct. 19.—Mrs. Frances Johnson, at eighteen, won a divorce yesterday with a story that caused Judge Sabath to gasp. She was married to Clarence Johnson just three weeks. He was well dressed, prosperous and good looking. He was a "State Street merchant," she understood.

Well, one day Mrs. Johnson drew on her snug little hat and smoothed the tiny wringles out of her gloves, adjusted her fur neckpiece and set off for a shopping tour.

Sitting hopeless, haggard, maimed and forlorn, a beggar drew her now saddened glance. Instinctively she extracted a dime from her purse and moved toward the beggar's outstretched tin cup. His eyes, masked by blue glasses, were averted in the conscious embarrassment of the unfortunate. The tin cup trembled slightly in the palsied clutch of a bandaged hand. The dime tinkled in the tin cup and the beggar looked up to bestow a blessing on the donor. Mrs. Johnson looked squarely into the upturned face.

It was Clarence.

The number of flying fatalities this year would indicate that Darius was not the only Green aviator.—The Louisville Times.

FEAR!

Often Ruins Health

Destroys Beauty!

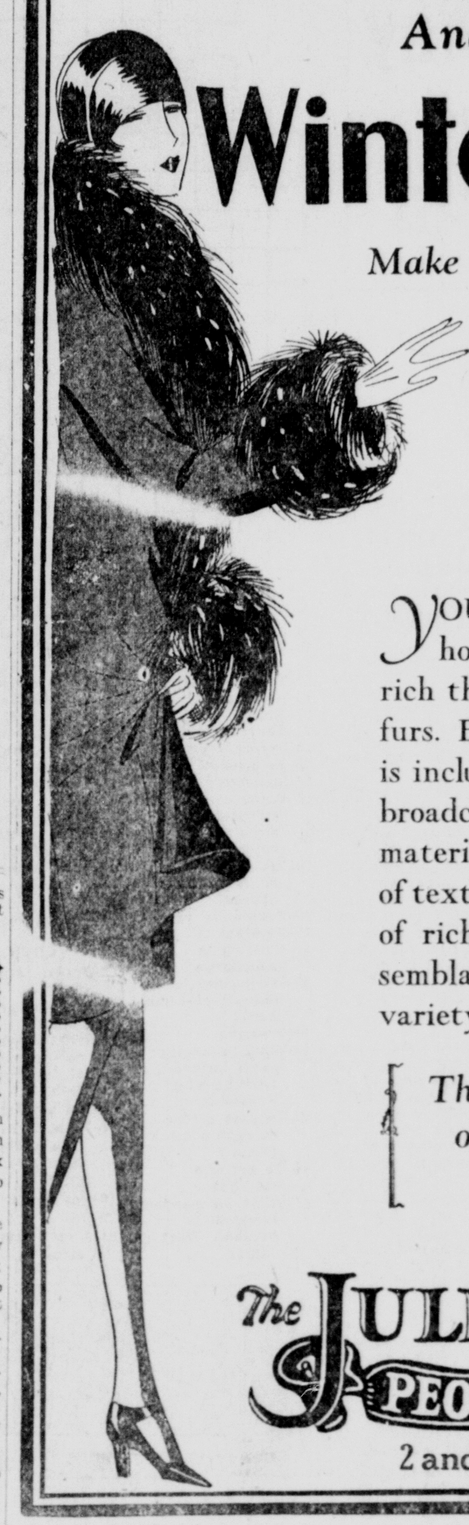

Even a falling hair on a bare shoulder will cause some women to shudder—imagine things! And being constantly apprehensive soon ruins one's health and beauty. Yet few women suspect the underlying cause of their nervousness and disturbed state of mind. Fear is usually accompanied by slight ills, any of which may be a symptom of System Poisoning, professionally called "TOXEMIA". Such women should always keep Partola handy, the mild pleasant laxative and internal antiseptic, because ordinary laxative pills and waters do not cleanse the bowels and system of the poisonous toxins that keep them nervous and apprehensive. When Partola is taken at night, next day mind is clear, nerves steadier, bowels move gently—and that's the real secret of womanly strength, beauty, and freedom from sickness and fear. All good druggists sell Partola. Regular box 30¢, double size box 50¢.

Says Albert B. Fall Deserves Some Pity

By CHARLES P. STEWART
Exclusive Central Press Dispatch to New Castle News

WASHINGTON, Oct. 19.—Ex-Secretary of the Interior Albert B. Fall had the reputation of a remorseless boss in his day. Undoubtedly he has crushed many a better man than himself, as he is crushed now, in turn.

But he's squashed so flat!

So flat!

Granting that he deserves it all, it's to pity him nevertheless.

* * *

Fall had all the externals of a fine, upstanding old frontiersman three years ago, when he arrived in Washington from New Mexico to answer the charges of official misconduct which were just beginning to pile up against him then—somewhat harassed, but full of fight.

He was still a great personage.

An ex-senator, an ex-cabinet member, influential, respected, everybody gave him the benefit of every doubt. He had plenty of friends—powerful ones.

* * *

Now, aged, broken and sick, he appears on the scene of his former greatness to stand trial on a criminal charge, as a mere adjunct to the defense of the multimillionaire Harry Sinclair who, caring nothing for him, simply happens to be unable to ward a prison sentence off from himself without incidentally warding one off from Fall ,too.

"A faithless public official!"—branded by the country's highest tribunal—even though he escapes a cell.

As for his friends of a quarter of a dozen years ago—if one of them gives him a nod, it's contemptuously pitying. He doesn't get many even of those. He isn't a desirable person for a politician to have known.

* * *

As a territorial judge in New Mexico, Fall stepped down from the bench to enforce his own decrees with a shotgun, in his own hands.

As pugnacious a senator as ever came to Washington, he stood ready to take the field in person in the event of an armed clash with Mexico, and nobody questioned that he had the nerve.

He ran the interior department like a czar, defying the public to get details of the oil leases he made—and at last we understand why.

An arrogant individual in his day!—but, at his trial with E. H. Doheny a few months back, who so meek-mannered as Albert B. Fall?—thankful for a kind word from a press photographer or a court attache. The iron had begun to enter into his soul.

* * *

Fall was of the Wild West when it actually was wild.

If he had been caught jumping a claim or rustling a herd of steers or sticking up a stage, his associates might very well had said, "Well boys will be boys."

To have discovered that he'd absorbed some of the west's informalities wouldn't have created any great amount of surprise, but it was widely assumed that he had the west's virtues, too. The theory is that the true-blue frontiersman won't betray a trust, even though he may be a little careless about homicide.

The gravamen of official Washington's complaint against Fall seems to be that he's acted out of character.

Harry Daugherty, now?—

He isn't held up as an example of what a public official should be, to be sure. But what could you expect? That's the attidude.

Fall suffers somewhat the stigma of a supposed gentleman who's caught cheating at cards—which a professional gambler wouldn't mind.

"World's Biggest" Pie Has 2100 Lbs. Apples

YAKIMA, Wash., Oct. 19—Heralded as the "world's biggest," an apple pie weighing more than a ton and requiring a specially constructed oven and a derrick for handling, was baked in Yakima yesterday.

Four bakers, wielding rolling pins fifteen feet long, rolled the dough for the crust. Fires were started in the huge oven yesterday to assure the proper heat. Apples weighing 2,100 pounds were pre-cooked in a cannery. The pie was of the open-faced variety, with strips of crust criss-crossing over the vast surface.

The baking of the pie was preliminary to celebration of apple week. Two thousand school children, each of whom had been promised a bite of the pie, milled around the large outdoor oven while it was baking.

New Castle Hospital Shares In Funds Of Community Chest

Hospitals are non-profit making institutions whose sole reason for existence is the restoration of the sick and the maimed to bodily health and vigor. They are necessarily dependent on a community for whose benefit they labor, as only a part of the expenses are taken care of by the fees collected for service. Fifty percent of all the sickness cared for is caused by poverty.

Sickness and accidents come to all, regardless of color, caste, creed, or ability to pay. Physical affliction does not respect persons. One never knows when or under what conditions one may need the services of skilled physicians and surgeons.

During the past year the New Castle hospital cared for nearly 3,000 persons. 1092 operations were performed by a skilled staff of surgeons and 324 future citizens were brought into the world with the finest care that could be rendered.

The American College of Surgeons has recognized the New Castle hospital as a first class hospital, which means that the hospital staff has met with the highest standards. The school of nursing is also one of the finest in the state. A great number of graduate nurses have been sent out into the community to practice their deeds of mercy in a competent manner.

Support of the Community Chest assures the continuation of this great institution of Christ-like service. Give as you would have others give unto you in a time of need.

Board of Directors of the New Castle hospital are:

Hon. S. Plummer Emery, President; Joseph Hannon, Vice President; Adolph Green, Treasurer; John J. Maher, Secretary; P. J. Flaherty; B. F. Morehead; E. J. O'Brien, James M. Higgins.

THE DOUGHBOY

Semi-automatic rifles are being tried out for infantrymen in the United States army. New arms and new methods will come out of experiments being made by the war department. Despite all the sensational talk about new poison gas, new airplanes, the scrapping of battleships and the building of something else, the fact remains that when war comes it will be just like it was before. The doughboys are the boys who will go over the top.

"WHAT IS YOUR MISSION?"

Henry Ford says: "If you have an honorable mission, don't worry over any foreign or home sneers about dollar chasing."

The main thing is not the aim people think you have. The main thing is not the effect you produce on others, whether it's cheers or sneers. The big thing is the "mission" that you and perhaps you only know about. If that is worthy, little else matters.

LEARNING FROM SPAIN

We are not in the habit of turning to Spain and Spanish customs for ideas for the betterment of America. Yet your attention is arrested by the information that in Spain every man and woman who has to work on Sunday must be given an hour off to go to church. If church is as important as we pretend to think it is, that is not going too far.

* * *

USELESS NOISE

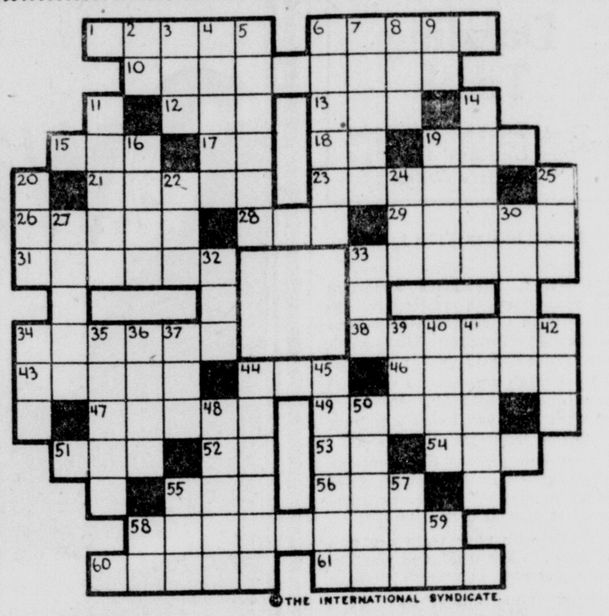

Every man, woman and child has within him the capacity for making a happier city by making one simple rule for himself. The rule is to make less noise. A marked decrease in noise would decrease the percentages of illness in the population. Night workers, nervous persons, invalids, and many others are tortured by noise. Noise is a constant assault against the nervous system. Much of it is useless. Noise is partly the product of carelessness and partly the product of mechanical inefficiency.

* * *

SINCERITY

If you find you are not popular, look to your sincerity. Lack of sincerity is fatal to both personality and character. In all the arts of behavior that go to make up charm, there is no substitute for sincerity.

PETER'S ADVENTURES IN ANIMAL LAND

BY MRS. FLORENCE SMITH VINCENT

BOBBY PLAYS POSSUM

'Twas quite a drop from mother's pocket to the ground, and Peter was afraid that Bobby, as his mother had called him, had badly hurt himself.

"Poor little fellow! That was a terrible tumble!" cried he, as he ran forward to pick him up. Bobby, who had been watching the boy out of a corner of his eye, saw Peter coming, and shut his bright eyes as tight as he could and lay as still as a mouse upon the leaves where he had fallen.

Peter felt the soft, furry baby all over. But Bobby, who was scared to pieces, never even squeaked.

"No bones broken," declared Peter at last, then he noticed how still the little fellow lay. Peter jumped up and ran to where the mother was swinging by her tail.

"You better drop down from that branch and see what is the matter with your son," cried he. "I must say, you don't act a bit worried.

"That fall must have knocked the breath right out of Bobby's little body. I don't know whether he is breathing or not. Don't you think you ought to find out? For a mother you care the least what happens to your baby of any mother I ever saw!"

Peter, glaring up at the creature still swinging by its tail from the branch above his head, felt that he would like to shake her from the

branch, received another surprise. Mother was laughing at him—there was no doubt about it— and showing nearly every one of her fifty sharp teeth.

"No, I don't think I ought to drop down and find out what has happened to Bobby, for I know without taking all that trouble."

"You know! Then why don't you do something? Aren't you sorry?" Peter was losing his temper. But mother's grin only grew broader.

"Sorry for what? For nothing at all? For nothing at all is just what has happened to Bobby. My wise little Sonnykins is simply playing Possum —and doing it well—just as he has been trained to do from the day he was born.

"He is afraid of you—you're the first Two-Legs he has ever seen, and he don't quite know what to make of it. Watch him when I give him the safety call!"

"No danger now, skip home," cried mother, softly, and, sure enough, little Bobby sprang to his feet and hurried as fast as his small legs would carry him to mother's side.

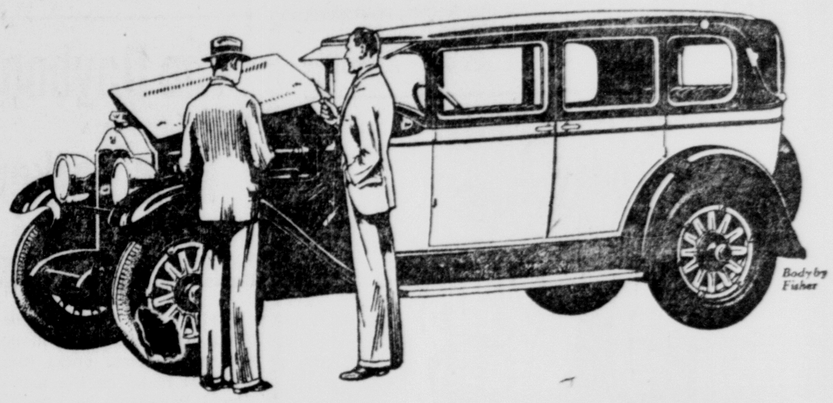

Next—"Why Little Possum Wouldn't Run."

Only Buick has an engine Vibrationless beyond belief

BUICK'S remarkable freedom from vibration is due primarily to three vitally important factors. First—the inherent smoothness of the Buick Valve-in-Head six-cylinder engine. Second—rubber engine mountings, front and rear. And third—the scientific and almost perfect balance of the entire Buick crankshaft assembly.

These factors, in turn, have been made possible by Buick principles of design; Buick facilities of research and experiment; and Buick's unrivaled experience in the manufacture of two million quality motor cars.

Only Buick enjoys these advantages. And only Buick provides the silken performance—the unvarying smoothness at all speeds—the longer life and greater serviceability of an engine *vibrationless beyond belief.*

Carroll To Be Given Freedom Sometime Today

Atlanta Warden Awaits Official Document From Washington Before Releasing Earl

PRODUCER UNABLE TO OFFER COMMENT

(International News Service)

ATLANTA, Ga., Oct. 19—Earl Carroll, Broadway revue producer, will probably be released from the United States penitentiary late this afternoon or tomorrow, when formal papers bearing the signature of the attorney general are received, according to Warden John W. Snook. Carroll does not know that his application for parole has been favorably acted upon and will not be notified until official notice is received by the warden.

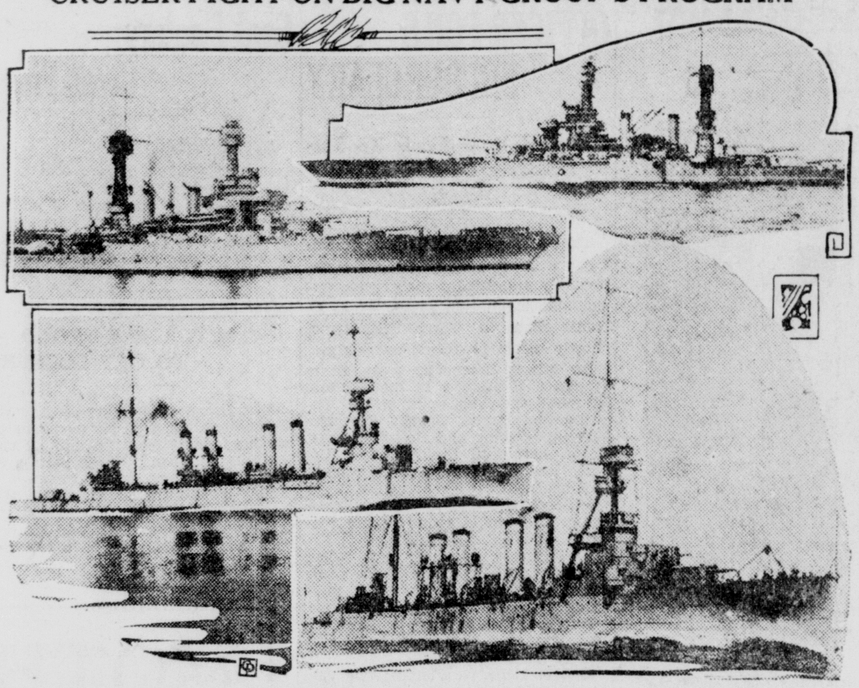

Carroll's release signed by Attorney General Sargent is on its way to Warden Snook. When it arrives, several officials here and Carroll himself will have to sign it before the release is perfected.

After Carrol's release he will be required to report periodically to the warden here and tell him that his behavior has been good and that he would like to remain a free man. Another bath-tub party or misbehavior would constitute a violation of parole and he would then have to return to the penitentiary here and serve the remainder of his sentence.

Carroll could not be reached on the prison farm today for a statement and he cannot comment upon his release until he leaves the penitentiary. He must then carefully guard his comments in compliance with his parole.

CRUISER FIGHT ON BIG NAVY GROUP'S PROGRAM

Reopening of the cruiser fight of the last congressional session, as soon as congress meets in December, is predicted by political observers who report increased activity among members of the big navy group in the lower house, who are said to be ready to launch another campaign for a stronger and more efficient sea establishment. The United States has no 10,000-ton ships in the cruiser class and it is expected that the fight will be waged for vessels of this size. Shown above are the U. S. battleships Maryland, left, and Colorado, 32,600 tons each. Below are the cruisers Marblehead, left, and Detroit, 7,500 tons, slightly smaller than the proposed new vessels.

Waited Long for This Discovery!

Cleans Inside, and Pores Free from Any Taint

"I SEARCHED a long time for any real relief from my bad auto-intoxication. Strong purgatives just drove the poisons into my perspiration until I felt like avoiding people. I'm all serene now, just through occasional use of—

CASCARETS

All the trick laxatives in the world can't tempt people who understand the properties of cascara.

A hundred different drugs will purge the bowels, but a little natural cascara purifies the system clear through Cleanses even the pores of your skin. Renders perspiration as inoffensive as so much dew!

Your grandparents took "salts," and slowly washed away the mucous membrane with the waste? Mineral oils are better, but they leave the coating that your blood must then carry off thru the pores. But when you cascarize the system, you get rid of all the poisons by normal muscular action of the bowels.

Don't get in the habit of taking medicine for constipation—or even for autointoxication. If you have the habit, stop it. A candy cascaret is a delightful form in which to take cascara; children love them and the taste tempts most grown-ups to take "more". And what a comfort to know you are in that clean, wholesome condition that does away with any need of deodorants, even in warmest weather! Try a cascaret tonight! All druggists, 10c & 25c.

Coolidge Says War Veterans Provided For

Coolidge Is Speaker At Unveiling Of Monument To General Meade Today

PAYS TRIBUTE TO CIVIL WAR CHIEF

(International News Service)

WASHINGTON, Oct. 19.—America's treatment of its war veterans "has ever been the most generous", President Coolidge declared here today in accepting a monument of Major General George Gordon Meade, hero of Gettysburg. The monument was erected by the state of Pennsylvania and given to the nation.

"We have not only been lavish in the public honors which have been conferred on our veterans," the president said, "but we have also bestowed upon them pensions and gratuities reaching down to every man in the ranks, with which no other country can make comparison."

Pays Meade Tribute.

Ascribing the belated recognition of Meade's achievements to a change in public opinion, Mr. Coolidge asserted that there "are great compensations for the delay in the beauty and appropriateness of the memorial and in the demonstration of the enduring quality of his fame."

"Meade," he continued, was a modest man, accustomed to giving credit to others rather than to himself. Lacking the partisan support of those high in office and of the public press, he had little opportunity to be glorified during his lifetime. But finally justice comes to be done; time sets its clearer, truer estimate. The records more and more reveal General Meade as a gallant soldier and a Christian gentleman.

"He was the great commander of the army of the Potomac. It was that great force which for nearly four years held in check the ablest officers in the main military effort of the Confederacy."

Many Scranton Homes Flooded

Lackawanna River And Tributaries On Rampage, Bridge Swept Out

(International News Service)

SCRANTON, Pa., Oct. 19.—Hundreds of homes were flooded in the river front district of Scranton, many streets were under two to three feet of water and one bridge was washed away when the Lackawanna river and its tributaries in this district left their banks today after three days of continuous rainfall.

Several bridges were closed to traffic while in South Scranton and Park Place houses were isolated by water.

Truck loads of ashes and cinders were rushed to the flooded sections to build dykes. It was feared that Meadow Brook would break through at South Scranton, where police were busy moving families to places of safety.

Crash Of Autos Results In Suit Now On Trial

Each Driver Claims That The Other Was To Blame For The Accident

As the result of an automobile collision on the New Castle-Ellwood City road, George Houk of Ellwood, is defendant in a suit on trial in the Lawrence county court before Judge Hildebrand today in which Jacob and Suzanne Pizor are plaintiffs. They are asking $5631.14 for injuries.

According to the plaintiffs, they were coming toward New Castle when they were struck by the machine of defendant who was going toward Ellwood City. They claim that Houk was driving at a high rate of speed and that it was his fault.

Houk, on the other hand, denies that he was to blame. He says that he was driving at from 20 to 25 miles per hour and was on the right hand side of the road. He claims that when he saw the Pizor machine first it was over the center of the road, and that he tried to avoid the collision, but could not. Houk was rendered unconscious and spent some time in the hospital. The accident occured a short distance east of the county poor farm.

Strike Causes Grid Coach To Be Re-Instated

(International News Service)

LANCASTER, Pa., Oct. 19.—Reinstated as head football coach at Franklin and Marshall by the athletic committee, and absolved of blame for the football team's recent poor showing D. K. Shroyer today planned to instill in his charges some of the fight they felt was lacking in early season games.

Shroyer was reinstated after the varsity squad of 29 men went on strike as a protest when Charles Mayser, head of the physical education department supplanted him. At Mayser's request Shroyer was again placed in charge of the team.

Mike Lewis, captain of the team, made it clear that members of the team blame themselves and not Shroyer for their poor showing on the gridiron.

Set January As Trial Date For Woman Slayer

(International News Service)

REIDSVILLE, N. C., Oct. 19.—Prosecutors of Mrs. Alma Petty Gatlin, 20-year-old bride and alleged patricide, today decided not to request a special term of court for trial. Mrs. Gatlin's case will come up in January.

An alleged confession Mrs. Gatlin made to an evangelist led police to investigate and find the body of her father, Smith Petty, 50, buried in the basement of her home. He disappeared a year before. The body bore marks of having been hacked with an axe.

OFFICER FOILS BIG BURGLARY

Unlocked Door Leads To Discovery Burglars At Work

Timely arrival of Officer Joseph Greer in making his rounds last night probably prevented a robbery of considerable magnitude at the M. & D. Radio shop on North Mill street shortly before 10 o'clock last night.

As Officer Greer was trying doors of places of business in that section, he found the sidedoor unlocked. Investigation by he, County Detective William Fleming and Detective C. G. Logan developed the fact that the place had been entered and robbed. It is believed that the arrival of Greer frightened the thief or thieves away before they could remove more valuable goods from the place.

As it was, the loss in goods stolen amounts to about $150 and the goods taken included radio tubes, a voltmeter clock, battery eliminators, etc.

Entrance was effected by forcing a rear window. The thief or thieves left by the sidedoor.

County Detective Fleming and City Detective Logan last night and also Detective Horner and Officer Lynch today found foot prints on the floor, the thief having removed his shoes while in the place.

There was also found this morning in a closed porch at the rear of the adjoining property, the cartons from which the radio tubes had been taken to pack them in a more compact package to make them easier to carry.

Detective Horner and Officer Lynch were also called upon this morning to investigate a robbery at the place of business of the New Castle Sausage company on Diamond way. The place was entered last night by cutting a screen from a window. The exact loss here has not been determined.

RACCONS WILL BE LIBERATED IN THIS COUNTY

Frank Johnston, state game protector for Lawrence county, has just received a shipment of 12 raccoons from Iowa, through the efforts of the Pennsylvania board of game commissioners at Harrisburg.

These raccoons will be liberated throughout the county for the benefit of sportsmen and the members of the Lawrence County Coon Hunters association. This shipment will be placed in Slippery Rock, Pulaski, Hickory and Little Beaver townships. More shipments through the state board of commissioners are expected in the near future. This is the first time that raccoons have been liberated here through the cooperation of the state. It is believed that those interested in coon hunting will find good sport here this season.

Protector Johnston also expects a shipment of ringnecked pheasants in the near future. These also will be liberated as soon as received and will materially increase the number of these birds in the county.

Falls Down Stairs At Court House

Miss Ardis Ryhal, of 456 Moore avenue, clerk in the county commissioners' office, was painfully injured yesterday afternoon, when she fell down the front stairs leading to the court room. Miss Ryhal had started down the stairs, when her foot caught on a covering, and she fell headlong to the bottom, where she was picked up unconscious. A physician was called but it was some time before she regained consciousness. She was removed to her home, where she is reported on the way to recovery.

MRS. LONGSTRETH IS HOME FROM CLEVELAND

Mrs. Charles Longstreth of 103 Milton street, returned home last night from Cleveland, O., where she recently underwent a serious operation in the Cleveland Clinic Hospital. BOY MEMBERS OF Y. M. C. A. ARE URGED TO GET LOCKERS

John Leonard, secretary of the boys department, requests all members of the boys department to call at the Y. M. C. A. at once to get their gym locker assignment.

This is very important, states Mr. Leonard, as it will not necessitate the boys carrying their gym clothes back home when they have finished their gymnasium work.

Paris To Extend Fine Welcome To Daring Girl Flier

Parisians Excited Await Arrival Of Ruth Elder And George Haldeman

(International News Service)

PARIS, Oct. 19.—This city thrilled with expectancy today anticipating the arrival of Miss Ruth Elder and Captain George Haldeman, who are at present on board the Portuguese mail steamship Lima bound for Lisbon.

Of course, the daring girl-flier will not arrive here for more than a week, but Paris already acquainted with Ruth through news dispatches is anxious to pay homage to her.

At Lisbon Ruth and Haldeman will be accorded a great welcome by Portuguese officials and will then board a plane and fly here.

MOTHER!

Look at Child's Tongue if Sick, Cross, Feverish

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Fig Syrup," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless, "fruity laxative," they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a bottle of "California Fig Syrup", which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine ask to see that it is made by the "California Fig Syrup Company." Refuse any other kind with contempt.

Seven Persons Killed In Crashes

Six Of Them Children Riding Home From School In Private Auto

WORST CRASH AT BYESVILLE, OHIO

CLEVELAND, O., Oct. 19.—Seven persons were killed, six of them children, when passenger trains crashed into automobiles at Conneaut O., and Byesville, O., late yesterday. Five others were seriously injured.

Five wer killed at a Pennsylvania railroad crossing in Byesville, five miles south of Cambridge, when the auto driven by Russell Cox, 35, cashier of the Byesville State bank with his small son and four other schoolboys as pasengers was struck by a passenger train.

A car driven by Mrs. Chester Norton 32 carrying five children home from school was struck by a New York Central passenger train at the Chestnut street crossing in Conneaut. Two of the children were instantly killed.

The dead:

At Byesville.

Russel Cox, 35.
Ralph Cox, 7, his son.
Billy Gooden, 8.
Ralph Kostelenki, 7.
Robert Breeden, 7.

At Conneaut.

Betty Norton, 7.
Bobbie Norton, 9.

Stephen Gould 7 was probably fatally injured in the Byesville crash.

Mrs. Norton and three children, Fred 11, Jennie, 5 and Donald, 3, are in the Brown Memorial hispital, Conneaut, seriously injured.

Leaving the Byesville bank at 3 o'clock Cox drove to the school building to take his son home because of the rain. The other boys got in the car because they lived in the same neighborhood.

Aproaching the crossing which has an unobstructed view in both directions Cox was unable to see the southbound train because of the rain beating against the windows of his small sedan.

The engineer, John Behen one of the oldest in service on the division saw the automobile approaching the crossing and tried to stop but the wheels wouldn't hold on the wet rails, he said afterward.

The engine ploughed through the auto, throwing the victims in every direction. Four were instantly killed. The Breden boy died later in the office of a Byesville doctor.

Bodies of the victims were taken to the Harlen undertaking parlors, Byesville.

Conneaut authorities believe Mrs. Norton's car stalled on the tracks. The surviors were tossed clear of the tracks as the eastbound train ploughed into the automobile.

Northern Ohio Steel Concerns Propose Merger

Six Northern Ohio Steel Concerns Plan $20,000,000 Merger Is Announced

(International News Service)

YOUNGSTOWN, O., Oct. 19.—Negotiations for the merger of six northern Ohio steel plants with assets totalling $20,000,000 will probably be brought to a close within a short time, according to an announcement today from Floyd A. Deal, who promoted the consolidation.

Companies making up the Merger are: the Thomas Sheet Steel, Falcon Steel and Waddell Steel companies, of Niles; the Mansfield Sheet and Tinplate company, of Mansfield; the Ashtabula Sheet Steel company, of Ashtabula; and the Empire Sheet Steel company of Cleveland.

The new concern would have a production capacity of a half million tons of sheet steel annually and the merger is expected to reduce production costs approximately $4 per ton. The consolidated company will have a total of 61 sheet rolling units.

W. H. Davey, president of the Mansfield company, is expected to be president of the new concern, while J. D. Waddell, of Niles, is mentioned as the most likely choice for vice president. An exchange of securities will be incidental to the merger, but there will be no public financing, according to Deal.

73 Incarcerated In Mercer Jail During 6 Months

MERCER, Pa., Oct. 19.—The highest total of prisoners held in the county jail here for a six months period is reported today by Sheriff W. A. Bone in 63 men and 10 women.

Two in a cell and sleeping in the jail corridors is the only way they can be handled. In his three years of office Sheriff Bone has handled more prisoners than any sheriff in county history. His fourth year of the term will add over 1,000.

Oil Production Shows Decrease

(International News Service)

NEW YORK, Oct. 19.—The daily averages gross production of crude oil in the United States for the week ended October 15 decreased 32,450 barrels a day from the preceding week, averaging 2,494,350 barrels daily for the period, according to an estimate issued today by the American Petroleum Institute. The daily average output of California Mid-Continent fields was 629,200 and 1,544,350 barrels, respectively.

Receipts of California crude and refined oil at Atlantic and Gulf Coast ports during the week totaled 661,000 barrels, a daily average of 94,429 barrels, against a daily average of 107,857 barrels for the preceding week. Imports of crude and refined oils at the principal United States ports averaged 192,715 barrels as compared with the previous week's average of 128,857 barrels.

Keep Your Stomach Young and Sweet

Every bite of food you eat MUST be digested, and the waste matter eliminated. That's sure. If your stomach is sluggish and old, from the excessive acids which keep eating away the gastric juices, you must dissolve them, or you never will be free from indigestion, sour risings, bloating and drowsiness after you eat.

Get a package of Pape's Diapepsin from your nearest drug store and chew one of the tablets after meals. Instantly the distress is relieved, it dissolves the acids, sweetens the stomach and you will have an appetite again like you had when a child.

All drug stores have Pape's Diapepsin. More than 5 million packages are used a year.

Collegians Will Observe Annual Poverty Day Event

To Be Held In Connection With Grove City-Allegheny Game

GROVE CITY, Oct. 19.—The students of Grove City college will observe the annual Poverty Day on next Friday. For the last few years the day before the annual gridiron struggle with Allegheny has been known as Poverty Day and the students attend chapel and classes dressed in the oldest, clothes to be found.

The event is sponsored by the Student Council of the college and prizes will be given to the wearer of the winning costumes denoting extreme povertly.

The next $10,000 Los Angeles open golf tournament, to take place during early January, is expected to set a new high record for such competitions in Southern California. A special effort will be made to induce more amateurs to take part in the play.

PRETTY GIRLIES AND RIPPLING MELODIES IN "QUEEN HIGH"

With a musical score rippling with pretty melodies, a compelling and interesting story of romantic delight, an exceptional cast of principals and a beauty chorus, "Queen High," most satisfying of musical comedies comes to the Scottish Rite Auditorium, Tuesday, Oct. 25.

This delightful entertainment has just concluded a year's run at the Ambassador Theatre, New York, where crowded houses of enthusiastic auditors confirmed the verdict of the professional critics that "Queen High" will rival in popularity any musical comedy of twenty years. Twenty-two melodious musical numbers, and numerous comedy scenes are the ingredients that comprise this great musical success.

Laurence Schwab, who produced "The Gingham Girl", "Captain Jinks", "The Desert Song", is likewise the sponsor of "Queen High", and in association with B. G. DeSylva is responsible for the book and lyrics, while Lewis E. Gensler has written the song and dance numbers.

Among the popular numbers of "Queen High" are "Cross Your Heart", "Don't Forget", "Everything Will Happen For The Best", 'You Must Have Been A Beautiful Baby", "Who'll Mend a Broken Heart?" "What's Weak About The Weaker Sex"?, "Sez You, Sez I", "You'll Never Know" and "In The Spring".

A notable company, the same as that which won great approbation during the long run at the Chestnut Street Opera House in Philadelphia, includes Eddie Garvie, Dave Mallen, Margaret Lee, Georgette Armfield, Neil Collins, Mary Marlyn, Carrie Glenn, Albert Downing, Danny O'Donnell, Arlyne White, Dorothea Dunn, and many others of recognized cleverness.

Tickets are now on sale at the Snyder Piano Co., at 75c, $1, $1.50, $2, plus tax. The early sale is large. Buy your tickets early.

Club Officials Are Given Fines

(International News Service)

SCRANTON, Pa., Oct. 19.—Five officers of the Owls Club of Sunbury were fined $200 each and the club steward fined $350 when they entered pleas of guilty to charges of possessing intoxicants, in Federal court, Tuesday.

Judge Albert W. Johnson imposed sentence after evidence was presented to the effect that a raid on the club last June netted 250 cases of beer and a quantity of manufacturing apparatus.

Violinist Stumbles, Breaks Instrument Worth $22,000

DETROIT, Mich., Oct. 19.—A stumble, a moment's faintness on the part of Earl William Morse, and a violin valued at more than $22,000 was no more. Mr. Morse is head of the violin department of the Detroit Conservatory of Music. His violin was purchased seven years ago at a cost of $10,000, and less than three years ago he was offered $22,000 for the instrument.

While in his studio he suffered an attack of faintness and fell on his violin. The instrument was demolished. The pieces have been sent to New York in the hope of having it restored.

"I will never play again," he said, "until I find a violin as good, as much a part of me, as that one."

MANY TO ATTEND HOTEL BANQUET

Formal Opening Of The Castleton To Occur On October 26

The current topic of conversation in New Castle today, says John L. Slack, manager of The Castleton, is the banquet and ball which will mark the formal opening of the hotel on the evening of Wednesday, October 26.

Due to the great number of reservations which are pouring into the house daily, Mr. Slack declares that he is making arrangements for a record crowd, and a crowd which will go home that evening with memories of the greatest dinner and dance that ever was held in New Castle.

The entire staff of the hotel is making all possible efforts so that the dinner will be the best that it is possible to serve. And in addition to the cusine, the dance afterwards will be played for by the best orchestra that western Pennsylvania affords.

Regional Conference Told Of Red Cross Work On Mississippi

Robert E. Bondy of Washington, D. C., manager of the Eastern Area of the American Red Cross brought before the Regional Conference at The Castleton yesterday afternoon the work of relief in the Mississippi Flood region.

The conference meeting in the afternoon was presided over by Dr. C. J. Williamson, pastor of the Highland United Presbyterian church. Dr. Benjamin Graham, superintendent of the Pittsburgh Schools who was to preside was not able to be present.

The work of the American Junior Red Cross was ably presented by Miss Edith Peckham, assistant to the director of the American Junior Red Cross.

Miss Elberta Kagy, professor of violin at Westminster College gave two fine violin solos at the beginning of the afternoon session. She was accompanied on the piano by Miss Jessie Mockel, instructor in piano at Westminster College.

Mr. Bondy quoted Herbert Hoover in saying that after the relief work in the Mississippi was well organized that only three lives were lost by drowning. He illustrated the work of the Red Cross in the flood district at the present time by telling how they were helping dig Mellville, La., out of from 6 to eight feet of sand that covered the village after the flood waters had receded.

Miss Peckham in speaking of the work of the Junior Red Cross read several letters and showed several gifts from children in foreign lands that had received Christmas boxes that had been sent there under the International Friendship activity. In an exhibit of these letters and gifts that Miss Peckham had there were many interesting gifts. A pair of dolls made and sent by Estonian school children was especially interesting.

GIRLS OF SCHOOL AGE KEEP IN GOOD HEALTH

They Find Lydia E. Pinkham's Vegetable Compound a Dependable Medicine

LOUISE LOUTHAN
ROUTE 2, CHARLESTON, ILLINOIS

From the days of the polonaise to the days of the radio, mothers have given this dependable medicine to their daughters. School girls are often careless. They get wet feet. They overstudy or they tire themselves with too many dances and parties. They get run down.

Many an active girl of today, like the demure maiden of the 1870's, has found that Lydia E. Pinkham's Vegetable Compound is helping her to find better health and energy.

"I gave my fifteen-year-old girl Lydia E. Pinkham's Vegetable Compound, and it did her a wonderful lot of good. She had been out of school for four months. I read the advertisements of the Vegetable Compound, and since she has taken it she has improved and has gone back to school again. I recommend the Vegetable Compound to other mothers with girls who are not as strong as they should be."—Mrs. Alice Louthan, Route 2, Charleston, Illinois.

"My daughter was out of school two terms. I have known about Lydia E. Pinkham's Vegetable Compound all my life and finally decided that she should try it. Three bottles helped her in various ways for the next couple of years."—Mrs. W. E. Gillette, 986 E. 52nd Place, Los Angeles, Calif.

"I have always been sickly, and until I was fourteen my father was very strict about my perfect attendance at grammar school. I have gone to school through hard storms and often taken cold. When I was fourteen I took to my bed and did not get up for eighteen months. Everyone thought I could not live. Just four months ago I began taking your wonderful medicine, Lydia E. Pinkham's Vegetable Compound, and I could notice a great change almost at once. Now I feel like a new person. I wish all girls would try Lydia E. Pinkham's wonderful medicine."—Mrs. C. M. Smith, Union Village, Vermont.

Governor Fisher Mighty Popular In Other States

(International News Service)

JOHNSTOWN, Pa., Oct. 19.— Because Pennsylvania is prosperous and rich it aroused the envy of less fortunate Western states who "think there must be something rotten in our politics, but of course this isn't so," U. S. Sen. David A. Reed, (R), of Pennsylvania declared in an address at a luncheon of the American Business Club here Tuesday.

"There is a great deal of injustice in the fact that there are only two senators from each state," Senator Reed continued, "while Pennsylvania has population ratio of sixteen to one with some of the Western states, such as Missouri which derives more for roads than it pays in tax."

Senator Reed said that few people realize how the reputation of Gov. John S. Fisher has spread beyond the state. His reception in other states is greater than any of the other governors, according to Reed.

Summerall Issue Is Closed Book Says Coolidge

(International News Service)

WASHINGTON, Oct. 19—The Summerall incident is closed, it was indicated at the White House Tuesday.

President Coolidge told callers that apparently Maj. Gen. Charles P. Summerall, Chief of Staff, had been misquoted in the newspapers when he criticised the army's housing facilities.

Mrs. Woodrow Wilson To Visit Pittsburgh

(International News Service)

PITTSBURGH, Oct. 19. — Mrs. Woodrow Wilson, widow of the late President, will be the guest of the American Legion here on November 11, Armistice Day, participating in the unveiling of a bronze plaque of the former President in the rotunda of the City-County Building. The plaque is a gift of the Legion to the city and county.

FATAL AUTO UPSET.

MARTINSBURG, W. Va., Oct. 19.—Oscar Jones, 38, of Martin's Ferry, O., was killed and John J. Hawkins, 30 of Wheeling was badly lacerated about the face and head when a car in which they were riding turned turtle near this city. They were enroute to Millville where they secured employment in a stone quarry. Jones was married and had three children.

Man, 81, Tells Bride, 54, Not To Worry About Her Job

WAYNESBURG, Pa., Oct. 19.—"Don't worry about your job, little girl; you have Joe now," were the consoling words of Joseph R. Throckmorton, aged 81, of near here yesterday morning, when he was married to Mrs. Mary B. Bridagum, aged 54, of this town and a school teacher here.

The bride, who had had two husbands, asked that no mention of the wedding be made as she might lose her job as a teacher. It was then that the aged bridegroom stroked his long white beard, grasped Mary by the arm and reassured her that she had nothing about which to worry, as he led her to a waiting automobile, which whisked them away to Washington and Baltimore for a two weeks' honeymoon.

Death Toll In Pittsburgh Fire Mounts To Two

(International News Service)

PITTSBURGH, Oct. 19.—The death toll in Pittsburgh's million dollar fire of Monday morning was increased to two today with the death during the night of Capt. William Coslett, 44, in a hospital from internal injuries suffered when a wall collapsed.

Bankers Wife Is Killed In Auto

PARKERSBURG, W. Va., Oct. 19.—Mrs. A. J. Garlow of Morgantown died last night in St. Joseph's hospital from injuries received in an automobile accident three miles west of Pennsboro on the Northwestern pike yesterday morning about 10 o'clock. The car was driven by her husband, a banker, and carried also Mrs. Blanche Evans and Mrs. V. Vandervort of Morgantown. They were on their way to a convention in Huntington.

Mrs. Evans and Mrs. Vandervort stated that Garlow, in attempting to avoid hitting a bridge abutment, swerved the car, and it skidded, turning over. Mrs. Garlow was the only occupant of the car injured.

Take Trip Back To Old Home Town

PROSPECT, Pa., Oct. 19.—Mr. and Mrs. Fred Wehr and Mr. and Mrs. Arthur Wehr and sons Dale and David of New Castle were here Saturday evening visiting Fred's mother Mrs. Elizabeth Wehr in her new home on Pittsburgh street. Fred spent a short time in the I. O. O. F. lodge of which he is a member and the grandsons had to go to see "the goat." The Wehrs used to live where Henry Miller lives.

TRAIN KILLS AUTOIST.

GALLIPOLIS, O., Oct. 19.—Violet Crooks, 15, and Beatrice Bernard, 15, of Gloucester, O., were killed instantly by a New York Central train when they jumped directly from an automobile in front of the locomotive. Julia Gerby, 18, also hit by the same train was brought here to the hospital and will recover from her injuries.

"An Excellent Aid to a Smooth, Healthy Skin!"

Beautiful girls and women know that the secret of lasting beauty lies in constant care of the skin; and charming Miss Rose O'Donnell, of New York City, has discovered that secret in Black and White Cold Cream.

"I am glad to recommend Black and White Cold Cream," says Miss O'Donnell, "because I have been using it for some time and find it an excellent aid to a smooth, healthy skin and a lovely complexion."

This rich, nourishing cream provides the essential oils needed to stimulate the tissues and keep the skin from becoming dry and coarse. Its daily use will tone up the skin, banish "tired-lines" and wrinkles and keep the complexion smooth, clear and youthfully fresh.

Black and White Beauty Creations are of a quality acceptable to those who seek the best, at prices within the reach of all—25c and 50c.

Youth Is Held For Slaying Of Drunken Father

"I Killed Him", Says Youth, "To Save My Family From Severe Beating"

BELIEVE JURY WILL FREE YOUTH

(International News Service)

BRADFORD, Pa., Oct. 19.—Darrel Dufton, 16, was on record today as admitting firing the fatal shot which killed his father, Fred Dufton, 47, of Wrights, after an alleged drunken orgy during which he had threatened to kill members of his family, according to a so-called voluntary confession to County Detective Jack Allison, here.

"I did it because I couldn't stand to see those little kids get their brains knocked out. I wish I had shot myself instead of him," Darrel was reported to have sobbed to the detective.

Coroner H. Clay Heffner, conducted a hearing last night at Port Allegany. Mrs. Dufton and son, Fred, made the chief witnesses. Darrel was not present, as he was held in the county jail under a formal charge of murder, lodged against him following his reputed confession.

Fred Dufton, Jr., stated in another alleged confession that the shot was fired to frighten his father. He said Darrel was quite a distance away.

Speculation was rife here today as to whether Darrel will be released on bail or even go to trial on the murder charge. Some of the residents here were of the opinion that young Dufton will be given bail and the grand jury will exonerate the youth when made cognizant of all the facts in the case.

PA NEWC OBSERVES

Pa Newc is informed this morning that the sidewalks on the West Washington street bridge across the Shenango river needs some attention. The report says that repairs are needed on the walks to make them free from hazards to pedestrians.

More "Official Cars" are to be seen on the streets today. Last week these cars were in use to haul delegates to the great State Sabbath School convention and this week they are in use for a similar purpose, carrying persons who are in the city in connection with the Scottish Rite reunion at the Cathedral.

Welcome signs erected on Washington street greeting delegates to the state convention last week, were still to be seen last night. There has been some littl- delay in having them removed.

Workmen are completing the job of widening Falls street near The Castleton, today. It is believed that both Mercer and Falls streets will be completely widened and repaved by the time the hotel opening gets under way on Saturday. The corners at North Mercer and North streets are also being rounded.

Many of the street intersections in New Castle now have rounded corners, and much of this work has been done within the past few years. These little improvements are probably one of the greatest traffic aids to be found in the city.

Many are looking for a little snow soon. Reports were received of snow in the mountain districts of the state yesterday, and there is a certain feel in the air that indicates early snow, according to weather forecasters here.

While cars are parked in the center of South Jefferson street this has not prevented other cars being parked against the curbs, causing a traffic complication, it is reported to Pa Newc.

Most of the books designed to develop "personality" are sold to men who think you can correct a traffic jam by tooting your horn.

Have You Acid Scalp?

If your hair won't keep the simplest wave for several days, there is probably too much acidity. A condition that causes hair to be stubbornly straight and stringy, and to lack all lustre. Acid scalp.

From the hour you check this excessive acidity your hair will act and appear very different. It will arrange easily in any style that becomes, for it will have lovely softness, and all the sheen all healthy hair normally has. Danderine will neutralize the acid, and actually dissolve every particle of dandruff scale. Your hair won't need anything else to keep it fresh, wholesome, and free from the least objectionable taint that is too often noticed in otherwise fastidious women.

Danderine sells for only thirty-five cents at any drugstore, and as only a few drops on comb or towel will do the work, a bottle lasts for weeks!

American Legion Elects Officers

Plan Minstrel Show To Be Held In November

GROVE CITY, Pa., Oct. 19.—Clarence Moon was elected commander of the Grove City Post No. 220, of the American Legion, at the regular monthly business meeting last evening in the Commercial club rooms. Other officers elected for the next year are as follows:—first vice-commander, Glenn Carruthers; second vice-commander, William G. Porter; adjutant, E. F. Robinson; post finance officer, Walter Simpson, by re-election; trustee, James G. Allison; sergeant-at-arms, H. M. Carruthers, and post historian, Harvey Young.

The meeting last evening was attended by a large percentage of the membership, which is now the largest in the history of the local organization, and the business of the month discussed. Jewels were presented to H. M. Carruthers, retiring commander; James Allison, retiring adjutant, and Walter Simpson, retiring finance officer, who lead the local post thru one of the most successful years since its organization.

Dr. P. W. Allen, general chairman of the committees in charge of the production of the annual Legion Minstrel show, gave a brief synopsis of the show to be staged in the high school auditorium, November 2, 3 and 4. He reported that the various committees which were appointed last week are busy at their respective jobs, and that the cast has almost been completed and ready to swing into action.

LETTERS TO THE NEWS

WE THANK YOU.

October 17, 1927.

Mr. Geo. W. Conway,
New Castle News,
New Castle, Pa.
Dear Conway:—

I wish to express my hearty appreciation for the splendid manner in which you, as publicity chairman, handled the publicity for the State Sabbath School Association convention last week.

I know something of the mechanics and the interworkings of a newspaper and I wish to say that I never saw a finer piece of work. As I read the papers each day I felt that had I lived in some distant city and some friend had sent me the newspaper of the convention issues, I would have had a good general knowledge of everything that took place.

The delegates were loud in their praise and as one speaker said, "more space was given to the convention than to the recent prize fight", which was quite a compliment for New Castle, The News Company, and you personally.

Sincerely,
ROBT. M. STRICKLER, JR.

Asks Damages For Injuries Sustained By Fall Down Stairs

Damages for personal injuries sustained in a fall are claimed in a suit on trial in the Lawrence county court before Judge Chambers in which Isabelle Burke McLure and her husband Howard S. McLure are plaintiffs and the New Castle Dry Goods company, defendants.

It is claimed that on April 18, 1927 Mrs. McLure, then Miss Burke, was on the third floor of the New Castle Dry Goods company building and started to descend the stairs. She was down one or two steps when she slipped and fell to the bottom. Her back was wrenched and she sustained other injuries. It is claimed by the plaintiff that the stairs were wet and slippery having been recently washed and that was the cause of her slipping.

Mrs. McLure was employed at the Shenango pottery at the time and by reason of her injuries lost 135 days work. She asks for $900 for loss of time; $162 for medical attention and $2,500 for pain and suffering and permanent injuries. Her husband asks for $1,000 on account of his wife's impaired condition making a total of $4,562.

Freak Stones To Form Odd Monument

BOSTON, Mass., Oct. 19.—Travelers on the road between Keene, N. H., and Brattleboro, Vt., are much interested in a monument being constructed at West Chesterfield, N. H., by George O. Cobleigh. The monument is nine feet high, built of smooth stones, some of which are egg shaped and some perfectly round, and varying from 26 to 36 inches, the size of the stone at the base, to four inches in diameter, the size of the one at the apex.

Mr. Cobleigh has spent several years in the building of the monument, some of the stones being obtained after much search and hauled several miles by a team ... to add to the structure smaller stones as he finds them, capping ... with a stone the size of a marble.

The Beggar's Opera Had Four Year Run In London

Possibly the most interesting play ever to appear in New Castle, from the standpoint of its historic and literary value, is the Beggar's Opera, which opens what promises to be the greatest concert season ever experienced in the city.

While it was largely because of the literary and historic elements involved that the Educational Art Society secured this famous old production for an appearance here, nevertheless the Beggar's Opera has been one of the greatest musical play successes ever produced and every few years finds it touring with extreme success.

It was last revived at the Lyric theater in London, running there for four years without a break in the engagement, and now Arthur Judson, well known as the manager of the great Philadelphia orchestra, has brought it to America, where it is touring from coast to coast on this, its two hundredth anniversary year.

There is a most interesting history connected with the opera's first appearances in this country. From chapter V of Louis C. Elson's History of American Music we read:

"The earliest operatic performances in America were derived, not from Italian, but from English sources. The 'Beggar's Opera' which caused such a furore in Great Britain, was probably the first entertainment of this kind given in the colonies, being performed in New York as early as December 3, 1750, and innumerable times thereafter." It is said to have been the favorite play of George Washington. The Polly Peachum of those early performances was a Mrs. Marshall, of whose interpretations of this role, Washington was particularly fond.

Some evidence of the interest which it continues to command in America can be gotten from the fact that during its last American tour it had to run for six weeks each in New York and Boston and as many as 16 engagements in both Los Angeles and San Francisco, and there is evidence from its lengthy run in London on its last revival that this American tour is to surpass all previous ones in popularity. Mr. Judson guarantees that New Castle is to have the same company and that the production will be given here exactly as it is being staged in New York, Chicago, San Francisco and the other larger cities. With this promise from the responsible Arthur Judson New Castle can feel sure that November 1 will start the concert season in the city with greater success than ever before.

Number Of Traffic Mishaps Occur On Streets Of City; None Serious

Robert Call of 929 Winslow avenue, reported Tuesday that he was driving west on East North street between Mercer and Jefferson streets, when his machine struck a little girl, as she walked into the side of the machine. She walked back to the sidewalk and by the time that Mr. Call could stop and get back to the place where she had been, she had gone. She was apparently not injured.

Cars of Frank Natale, 201 South Liberty street, and Harry Wolfe of 1315 South Jefferson street came together at Mill and Nut streets according to the reports made to the police, both being somewhat damaged. Natale was enroute south on Mill street and the car of Wolfe was enroute north. The Wolfe car made a left hand turn into Nut street and the machines met headon.

R. A. Bailey, Jr., of 217 East Wallace avenue, was enroute west on West Washington street, according to the report made to the police, when the car of Mr. Leedman of Pittsburgh, enroute north from the Pennsylvania station toward West Washington street hit and damaged the Bailey machine. Mr. Bailey is a representative of the Shenango Motor company and was driving one of their cars at the time.

A Prescription That Ends Night Coughs in 15 Minutes

Persistent night coughing is usually due to causes which cough syrups and patent medicines do not touch. A remarkable prescription known as Thoxine, working on an entirely different principle, goes direct to the cause, and is guaranteed to stop the stubbornest cough within 15 minutes. One swallow is all that's needed. If it fails, get your money back. No chloroform or other harmful drugs. Safe for children. Equally good for sore throat, for which purpose it is far superior to gargles. Ask for Thoxine. 35c., 60c. and $1.00. Sold by Love & Megown and all good drug stores.

The old Story

The girl whose menstrual periods ever cause a broken date, simply hasn't heard about *Midol*. Menstruation is natural. But the pain is not!

Midol will end menstrual pains in five to seven minutes.

This merciful discovery of the specialists is not a narcotic. It does nothing to hinder or hasten the process of menstruation. But it does end the painful part; if you anticipate your time the expected pain will not appear at all. Tiny tablets, in convenient little aluminum case, fifty cents at any drugstore. It is *folly* to suffer.

Oppose Move To Make Valley Forge National Shrine

A firm stand has been taken by the Valley Forge Park commission against any attempts at making the park a national shrine. At a recent meeting of the commisison resolutions were passed which strongly opposed any steps of taking away this park from the control of the state.

Since Governor Fisher several weeks ago suggested that the place where Washington's army suffered during the winter of 1777-78 be made a national shrine, the idea has been echoed from several directions, but the park commission believes that the park can be better taken care of by the state.

The commission in using their arguments state that the battlefields at Gettysburg are an example of how a place may be neglected when placed under federal control. They tell how units of the army were encamped upon the grounds at Gettysburg and trees and memorials were injured and destroyed by thoughtless and irreverent soldiers.

Valley Forge park is located in the eastern part of the state just a few miles off the Lincoln highway and many tourists visit it every year.

Prisoner Given Parole, Refuses Chance To Escape

(International News Service)

PITTSBURGH, Oct. 19.—James Brown, 40, of Campbell county, W. Va., was at liberty under parole today because he refused to make a dash for freedom when Paul Jawarski and John Vassbinder shot their way out of the Allegheny county jail here.

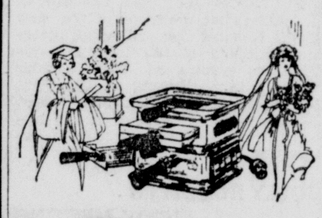

Brown not only refused to leave the jail, but saved the life of one of the jail attaches by applying a tourniquet on his arm where he had been shot.

Judge John A. Evans granted Brown a parole from his two-year sentence on a bad check charge. He still had a year and two months to serve.

High School Is Damaged By Fire

(International News Service)

HINGHAM, Mass., Oct. 19—A $250,000 fire early today destroyed the Hingham high school and firemen from Hingham and nearby towns were attempting to prevent the flames from spreading to adjoining buildings. No one was injured.

Compare it with $1200 to $1400 Cars

THERE are a hundred points of merit in which Chandler's new Special Six Sedan equals, or excels, other cars $200 to $400 *higher in price!*

It's an arrestingly beautiful car—styled as if the nation's best artists and sculptors worked out the harmony of every line and curve, and the richness of coloring.

It's a thoroughly modern car—with a chassis that *lubricates itself* from end to end the moment you press a plunger—with an oil-filter, air-cleaner, 4-wheel brakes, self-adjusting noiseless spring shackles—so forth and *so forth!*

And with its famous high-compression Pikes Peak motor, it certainly has the power—loads and loads of power. It's off like a shot as you step on the gas—and it glides right up the tallest hills as if it could easily climb to the moon!

And this, mind you, is only one of two dozen new Chandler models. See also the new Big Six Metropolitan Sedan, $1495—and the magnificent new Royal Eight Sedan, $1995, prices f. o. b. factory.

Parent-Teachers Enjoy Talk On Settlements

Sidney Teller Of Irene Kaufmann Settlement Gives Splendid Address Here

David Jones Elected At Business Meeting To Fill Vice President Vacancy

ELLWOOD CITY, Oct. 19. — Sixty members of the Parent-Teachers organization were present at the regular monthly meeting last evening in the Lincoln school, and enjoyed an address by Sidney Teller, Settlement worker from the Irene Kaufman Settlement house in Pittsburgh.

Mr. Teller's talk was very frank and to the point, and he brought to light some interesting facts concerning the "Child in the Community." He claims that every child has the right to be well-born, and strongly advocates eugenics. "The more attention the parents pay to their children, the less expense these same children are to the community," he pointed out. Delinquent homes, juvenile courts, etc., are all run by the community for wayward children. The valuable connection is a personal co-operative contact between the parents of the children, and their teachers. The teacher can exert a very strong influence on the child, especially with the aid of the parent.

During the business session the members decided to elect a vice-president to fill a vacancy and David Jones was voted to the position. The members also decided to give the customary prize to the school having the most visitors on Visiting Day, which takes place in the near future.

PLAY CAST BANQUET.

ELLWOOD CITY Oct. 19—Members of the play cast "Goose Creek Line" enjoyed a social evening at the Wurtemburg U. P. church last evening. A banquet served at the close of the evening was a special feature of the occasion.

Motor Club Urges Members To Prepare Autos For Winter

Now Is The Time To Consider Batteries And Anti-Freeze Methods

ELLWOOD CITY, Oct. 19.—"Motorists who begin now to consider the effects of winter's rigorous conditions on their cars, will have taken the longest step toward the prevention of these effects" says B. J. Bell, president of the local Motor club, who points out that many of the calls for emergency service that come to the club have their start in the put-it-off attitude of the car owners.

"If the motorist begins to realize right now that he will need a battery that is in the best of condition, that winter makes its demand for special grades of oil and grease; that a change in gasoline may be advisable and that an anti-freeze is necessary he will not have trouble this winter. It is dimly in the car owner's consciousness that certain things should be done but they do not come to the forefront of one's mind until the first bitter cold day has got in its disastrous effects."

"Now is the time to consider what anti-freeze one will use, to learn from the proper source what grade of oil and grease is best for the temperatures in the area in which one lives, to find out whether the generator is set to supply the greatest current that the battery needs and generally to learn the condition of the car. Analysis of the emergency service records of this club and others, reveal the fact that thousands of motorists do not seek this information until they have found themselves stalled, possibly with serious damage to the car. It is too early to act on all these matters, of course, but not too early to get ready to act correctly when the time comes."

Factory Finished Oak Flooring is such an obvious improvement. The finish can be applied so much more uniformly by unvarying machine processes than by the old, hit-or-miss hand-labor methods!

And what a relief to have the new floor *ready for use*, the entire room put back in order, the *same day* the job was started! No finishers or finishing costs to bother about.

No wonder so many architects are specifying CROMAR and so many homeowners insisting upon it!

Get in touch with us today—let us show you a sample of CROMAR and demonstrate its many advantages. We'll gladly mail you a booklet which explains how speedy, patented machines scrape, polish, fill, varnish and wax CROMAR at the factory, and how thus the cost of Hardwood Floors and the time for installing them are greatly reduced.

This booklet illustrates the patented, cleanable surface groove—the moisture resisting coating to prevent warping—and it tells why CROMAR floors reduce dusting, cleaning and even coal bills, when nailed over a sub-floor.

Atlantic Coast Storm Is Taking Toll Of Ships

Report Eleven Schooners Damaged In Past 12 Hours By Furious Gale

(International News Service)

WASHINGTON, Oct. 19.—The severe storm in the Atlantic fromMaine to Florida has taken a heavy toll of coastwise ships.

The coast guard reported today that 11 schooners have been wrecked in the last 12 hours.

The shipping board liner, President Adams, this morning rescued the Captain and ten men of the schooner, William Burnham, which is wrecked and burning off New York. The Burnham is from Mobile. All available coast guard ships have been ordered out to aid stricken vessels.

Reorganize Haney Furniture Company

Grand Opening Of Big Furniture Company To Occur Thursday

After months of preparation consisting of reorganization, increasing capital, expanding trade area, remodelling, redecorating, adding to selling force, the new Haney Furniture Company is having its grand opening on Thursday, October 20. At this time the general public is invited to the store for inspection purposes only as no goods will be sold on this day.

The mammoth store has been especially prepared for the opening and the many thousands of visitors that are expected to visit it will be able to see and realize the extensive plans made to give real service to their patrons.

Under the plan of reorganization the old organization well known to the people of New Castle and Lawrence county is retained with some additions to make it larger and broader in scope. E. Shenkan, for 25 years identified with one of the country's largest home furnishings corporations is the merchandise manager of The Haney Furniture Company and he has been active in every detail of the remodelling and grand opening of the new store. The policy of the store, according to Mr. Shenkan, is to meet outside competition in the furniture line in both price and quality and comparison of both are invited by all.

During the grand opening 75 major prizes are being given away, consisting of living room suite, dining room suite, in fact every item that goes to make a completely furnished home. The value of these prizes is $2000, besides a number of smaller or secondary gifts to be given. Friends visiting the store on Thursday are asked to look for the prizes, which will all be numbered and displayed for public approval.

Miners Families Move To Barracks

(International News Service)

PUNXSUTAWNEY, Pa., Oct. 19.—Twenty-four families of union miners had moved out of company owned houses at Rossiter to quarters found for them in Smyerstown, it was revealed here today.

Reports from Rossiter indicate 108 notices have been served upon other families, and their moving is expected to follow as soon as the union can find quarters for the families.

A crowd that will flow over the edges is expected to fill the Yale Bowl on October 22 for the Yale-Army football game.

Large Audience Greets Rev. G. A. Leichliter At Central Church

An attentive congregation welcomed Rev. George A. Leichliter of Buffalo, N. Y., at the special service Tuesday evening in Central Presbyterian church conducted under the auspices of the City Rescue Mission.

Duet numbers by Rev. Leichliter and Peter Quartel were outstanding features of the evening.

Thursday morning Rev. Leichliter will give a talk at the chapel exercises of the Benjamin Franklin Junior high school. At the service on Thursday evening the choir of the First Baptist church will sing and on Friday evening the Central church choir will render special selections.

The meetings will conclude with the Friday evening service.

Claim Railroad Wreck Was Due To Speed On Curve

(International News Service)

WASHINGTON, Oct. 19.—The derailment of the Broadway Limited of the Pennsylvania Railroad near Gallitzin, Pa., on August 29, was caused by excessive speed on a curve, according to findings made public today by the Interstate Commerce Commission, two persons were killed and three injured. All were railroad employes.

Plan To Re-Open Lake Coal Case

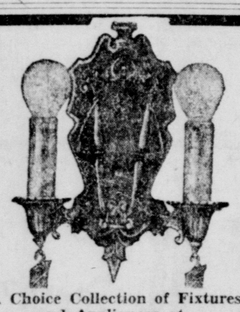

(International News Service)

WASHINGTON, Oct. 19.—The so-called lake cargo coal case is to be reopened by the Interstatee Commerce Commission, it was announced today.

The phase to be considered will be the effort on the part of southern railroads serving Kentucky, Tennessee, Virginia and West Virginia mines to reduce freight rates on lake cargo coal 20 cents per ton to meet the competition of Pennsylvania and Ohio mines.

The proposal was suspended by the commission, which today ordered that hearings be held here beginning Nov. 16, and at Minneapolis beginning Nov. 29.

Boy Scout News

Troop 18

Highland Troop 18 held its regular Tuesday evening meeting last night at the Highland U. P. church, in charge of Scoutmaster Ralph F. Davis and Assistant Scoutmaster Bott. Committeemen Wallace, Fehl, McFate, Cartwright and Boston were present and Tony Colaluca and Mr. and Mrs. McBride as visitors.

Scoutmaster Davis spoke to the Scouts in regard to the father and son banquet which will be held by the Lawrence County Council, Boy Scouts of America, on October 21 in the First M. E. church. A large number of the fathers and Scouts of this troop will be present and Scoutmaster Davis requests all those who expect to attend the meeting in a body in front of the postoffice and go to the church.

After the discussion of the banquet a short patrol meeting and round-up practice was held. The patrol contest now stands as follows: Fox patrol, Nesbit, patrol leader, tops them all with 115 points; Black Bear patrol, Barlett, leader, 81 points; Raven patrol, Burry, leader, 63 points; Wolverine patrol, Gates, patrol leader, 48 points. Bob Jameson is first in the individual contest, having 37 points, with Thomas Trodden ranking second with 24 points.

The next meeting will be held at the Highland church Tuesday evening, Oct. 24, at 6:55. All members are asked to be present.

Scottish Rite High Spots

The reunion of the Ancient Accepted Scottish Rite bodies being held in the cathedral is the second big gathering in two weeks. A week ago the Pennsylvania state Sabbath school convention was held there and the building was crowded with men and women from all over the state. This week the building is full of men from various parts of the state, but both gatherings have this in common. They are both intensely interested in the development of character and the upbuilding of those things which make for a more decent, livable world.

When there is no degree work going on in the auditorium the lobby resembles a college campus at commencement time. Men who have not seen each other for years are gathered in little groups and over it all there is a hum of conversation, interspersed with laughter.

"Where is Johnny Bechtol?" is always a popular phrase at these reunions. Mr. Bechtol is secretary of the various Scottish Rite bodies and has what appears to be an endless task. He has a corps of assistants helping him but even with this assistance he works about 22 hours a day during reunions.

Another chap who has his hands full to overflowing is C. Ed Brown, who always has charge of the dining room forces. Feeding 1500 or 2000 men is a task that requires some ability and Mr. Brown does it with all the finesse of a metropolitan hotel chef.

If every member of the New Castle Consistory attended a reunion it would be a task to care for all of them. The membership roll numbers approximately 7000.

Not all of the men in charge of work are from New Castle. Many of them come from other cities. The class director is C. Merle Raisely, from the Beaver valley. He is the marshal, the generalissimo or the major domo of the candidates for degrees and from long experience he gets his work done with a minimum of lost motion.

Somebody suggested during the dinner Tuesday evening that "Red" Williams would never need a radio station to broadcast his voice. He has a most unusually powerful voice for song leading and can make himself heard over the hum of 1200 diners.

One chap who attends these reunions religiously is Herbert Cota of Parnassus, Pa. It would seem as though something were wrong if Cota did not get around and this reunion he is quartered at The Castleton.

One of the finest demonstrations of American democracy can be found at this reunion. Rank or station in life is forgotten, and membership in the fraternity is a common bond which binds the men together.

The unveiling ceremony at noon Thursday in which two bronze plaques will be unveiled in the lobby of the cathedral will be a public function and will undoubtedly see the lobby jammed with spectators.

Another genial personality who adds much to every reunion is "Denny" Reiser of New Kensington, Pa. Mr. Reiser is a veteran of the fraternity, a 33rd degree member and has that magnetic kind of personality which draws everyone to him. He's one of the sort of chaps meant when you say "the salt of the earth".

At least two of the reception committee can be found on the job constantly. Captain Charles B. Phillips and Councilman-elect Clayton H. Reeves can be found in the lobby almost every hour of the day and evening and no one gets past without a cheery greeting.

New Members For Senior Hi-Y Club

The Senior Hi-Y met recently at the Y. M. C. A. with Elmer Patterson of the Senior high school faculty and John C. Leonard, boys secretary, in charge.

Plans for the season and other questions of importance were discussed. Walter Kirker, physical director of the Y., then gave a short talk on the "Y" and its corrolation with the Hi-Y clubs.

Four new members, Cliff Pollack, Harry Maddocks, Ken Meyers and John Rudolph, were voted upon.

The next meeting will be held Monday evening, October 26, at 6 o'clock at the Y. M. C. A.

HUMANE AGENT NOW ON TRIAL

After Persons Maltreating Cats And Dogs In This City

There has been a practice for some time, according to the agent of the Shenango Valley Humane Society, on the part of some person or persons to place dogs and cats in the Neshannock creek, near the East Washington street bridge, in such a way and place that they cannot get out unless rescued.

An incident of this kind occurred this morning and a rescue of a dog was effected. It proved a rather difficult job. A few days ago it was necessary to do this for a valuable dog. The occasions on which this has been necessary have been frequent of late.

The agent of the Humane Society stated following the incident today that it is believed that the perpetrator or perpetrators of this kind of incident is known and that it is proposed that this person or persons shall be made an example of on the very next occasion that it occurs. The limit of the law will be enforced in connection with such cases of evident cruelty to animals.

HANEY'S GRAND OPENING

Thursday, October 20th

A Gala Day For Everyone

Store Open All Day Until 10 P. M.

You are cordially invited to attend our Grand Fall Opening—to celebrate with us in making this exposition a great success. After many days of supreme effort we have virtually turned our four spacious floors and Basement Store into a fairyland of Autumn colors. New fascinating furniture fashions greets one on all sides. As with the evolution of the American Home, we also have kept apace with the rapid advancement which has revolutionized the American Home—displaying on our great floors the most up-to-date furniture creations ever seen any where in the country.

A Wonderful List of Free Prizes

Music by Dave Jones and His Palais Entertainers

On the opposite page you will find the particulars of how we are going to give away ABSOLUTELY FREE, without any purchase being necessary, without any obligation whatsoever of any kind, without any strings tied to the proposition—$1,780.25 worth of prizes.

Many Things to See

The store itself is something to see—It is so large and attractive with its broad, airy aisles and with the furniture so well and roomily displayed. The four floors and an up-to-date basement store, houses a $200,000 stock of beautiful housefurnishings. This store is very accessible from every part of Western Pennsylvania. Haney's has always been a favorite store. Here is a staff of salespeople courteous and attentive, waiting to help you in an atmosphere of kindly service. Furthermore we want to emphasize the fact that each of our big trucks, handled by efficient men are continually making trips to Ellwood City, Butler, Grove City, Bessemer, New Wilmington, Slippery Rock, Wampum, and surrounding territory, so we are in position to give you prompt and efficient service at all times. Come to New Castle. You are welcome to use our store as a meeting place with friends. Rest here. Leave your bundles here. Telephone from here. Make it your headquarters while you are shopping, for you are perfectly welcome.

FREE! $1780.25 WORTH OF BEAUTIFUL PRIZES

In order to make this gala occasion the best and greatest in our history, we are going to give away to those who attend $1,780.25 WORTH OF PRIZES IN FURNITURE, RUGS AND OTHER MERCHANDISE.

And when we say we are going to GIVE these prizes away, we mean exactly that. $1,780.25 worth of the finest quality merchandise in the store to be given away absolutely FREE. **No work, no contest, no purchase necessary, no strings tied to the proposition at all. We will also deliver the prizes free of charge and without any obligation.**

OUR REASON—We believe that Haney's is one of the finest furniture stores in Pennsylvania. We have been growing from year to year, and with our newly decorated and remodeled store, we are one of the most beautiful show places in Pennsylvania. Four spacious floors and basement store flowing over with a $200,000 stock of house furnishings—new styles, new colors, the very latest creations from the leading manufacturers of the country.

We want you to accept this, as your invitation to attend. Come on Opening Day, Thursday, October 20th, walk through the store, admire the hundreds of beautiful pieces and see with your own eyes what a wonderful store you have right here in New Castle.

HOW TO GET A PRIZE

All you have to do is come to the store on Opening Day, Thursday, October 20th. Remember the date well, walk through the different aisles on each floor and see if the number on the circular which was left at your house, matches ANY OF THE MANY PRIZE-WINNING NUMBERS which you will find on a large card on each of the handsome prizes.

If through some oversight you did not receive one of our Grand Opening Circulars, we will present you with one at the store.

If your number matches any of these numbers the prize piece, whether it be the fine living room suite or any other prize winning piece, IS YOURS! Just report to the first employee of the store that you have a winning number. No prizes will be awarded to children.

THE JUDGES WHO SELECTED THE PRIZE WINNING NUMBERS

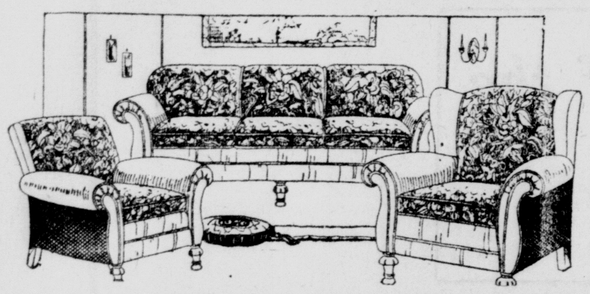

In order that there be absolute fairness in this prize distribution, we asked the following well known citizens of New Castle to act as a committee of Judges, and to select the prize-winning numbers. This was done BEFORE the invitations were given to the printer, and the list remained in the Judges possession all the time until AFTER the invitations were all distributed. Nobody but the four judges know the numbers and we ourselves will not know what they are until after all of the invitations have been distributed. Here are the names of the judges:

MAYOR DUNLAP—Mayor The City of New Castle.
MR. RENTZ—New Castle News.
MR. MEERMANS—Gen. Sect. Y. M. C. A.
MR. HANNON—Hannon & Bros. Tinners.

The store will be open from 10 A. M. to 10 P. M. Nothing sold on this day. $1,780.25 worth of beautiful prizes given away absolutely FREE. A Mardi Gras of brilliant autumn colors and the newest furniture fashions. A glorious time for everyone. We want the ladies to come during the day, then come again in the evening and bring the men folks with you. Bring the family, bring your friends, bring your beau, your sweetheart. Come and have a good time. You will see lots of your friends and neighbors in the happy crowds. Everybody will be good natured and cheerful, the store will be decorated in holiday attire, the furniture is beautiful to look at and you are sure to enjoy yourself. It is our treat and it is going to be an event that will long be remembered. WELCOME! THRICE WELCOME!

NEW CASTLE WILL FACE STRONG FOE IN SOUTH HIGH

Practice In Rain Tuesday

Coach Bridenbaugh Drives Team Through Stiff Workout Tuesday

YOUNGSTOWN TEAM WILL BE STRONG

New Castle High football team faces one of the stiffest games on their 1927 program Saturday afternoon, at the South High stadium, Youngstown, when the team stacks up against the powerful South High eleven.

Both teams have entered intensive training for what looms as one of the biggest tests of the year. A victory for the locals in their meeting with the Youngstown team would elevate their stock to above par, while South High looks to the New Castle game with great interest and they consider a victory over a Lawrence County eleven something to be desired.

The red and black team on paper looks to have a slight edge on the South boys, and when the matter of scoring points is looked into, it will be found that New Castle has tallied 199 points to 13 for the opposition, while South High in four games to date has tallied 57 points against six for their opponents. The locals have maintained an average of close to 40 points per conflict which is not to be sneezed at.

Offense Is Strong

South High will be coached to stop the offensive of the New Castle team. They realize that if they can halt the antics of Reider, Sillman and Harper that they can go a long ways toward upsetting the New Castle contingent. New Castle on the other hand has this man Kokan to look out for. He is reputed to be a clever running backfield man and will cause the locals plenty of anxiety, also it is said that the Youngstowners have a mighty tricky forward passing system and that they are figuring on slipping the ball through the ozone without the New Castle team stopping them. South has won four games to date and they have used the aerial attack in all of their long gains.

The New Castle gridders have been rather weak in the matter of stopping the forward pass, and have been scored on twice this year through this very method.

You can rely on it that Coach Bridenbaugh the "old fox" will not be caught napping, and that the New Castle boys will be well groomed when they take the field to do combat with the Youngstown aggregation. "Bridy" is not making any rash predictions, but it is a safe bet that he will uncover some of his cunning on Saturday.

Practice In Downpour

Not to be halted by a steady downpour of rain sent here by none other than old man "Jupe" Pluvius himself, the New Castle High team spent several hours at Franklin High field on Tuesday afternoon, and if Saturday is another "wet" day, the boys will know how to handle a wet slippery ball. The wallowing exercises of yesterday helped the players somewhat as they have not yet had to contend with a damp Saturday.

Another strenuous workout is due for today and also on Thursday, said Coach Bridenbaugh. On Friday the team will merely scramble through signals and rest until game time on Saturday.

For three consecutive years, 1905-06-07, no home runs were made in the World Series.

Two Big Ten Coaches

By Feg Murray

One of the most interesting phases of the 1927 Western Conference football season will be the success—or failure—of Coach Glenn Thistlethwaite at Wisconsin university and Coach Dick Hanley at Northwestern. Both moved to their new positions after very successful seasons, and each, it is presumed, considered that he was bettering himself by making the change. The fact that Dick stepped into Glenn's shoes at Evanston while Glenn moved on to Madison makes the situation all the more interesting.

Why did Wisconsin want Thistlethwaite? Because, in a brief space of time he had lifted the football affairs of the college on the shores of Lake Michigan from the slough of despondency to a tie with Michigan for first place in the 1926 Big Ten race. Only Notre Dame, a non-conference school, was able to defeat the Purple last fall, and then only in the final minutes of play. Chicago was beaten for the first time in ten years, and six other games were won by very comfortable margins. As former Coach Little wanted to devote his time to the job of athletic director, it is easy to see why Wisconsin wanted Glenn Thistlethwaite.

Now, then, why did Northwestern want Dick Hanley? Because he had proved his ability as a coach by the fine record of the Haskell Indian team, of which he has been the "Big Medicine Man" the past five years. Last season, in 13 games played, from Boston to San Francisco, the Indians were not beaten, and only held even once, scoring 558 points to their opponents' 49. Young Hanley is, a sort of a grandson of the Warner school of coaching, as he was a pupil of "Lone Star" Dietz at Washington State, and Dietz in turn was coached by Pop Warner at Carlisle.

As far as prospects go, Hanley has inherited the better material, yet Northwestern has the weaker schedule. "Moon" Baker and Johnson, the giant tackle, have gone, but Capt. Vic Gustafson, "Tiny" Lewis and about a dozen other letter men are back at Evanston. At Madison, the prospects are also good, as the sophomore backs who beat Iowa and Chicago should go on to even greater deeds.

Glenn Thistlethwaite went to Earlham college, and graduated into the Big Ten as coach from Oak Park high school, where he was quite successful in developing star players.

Feg Murray Says—

"Now that I've got a couple of good fights beneath my belt," the ex-champ is quoted as saying recently. But we always thought it was Jack Sharkey who got a couple of good rights beneath his belt.

North Street Grid Team Wins Victory

North Street Junior High football team walloped Mahoningtown Junior High 34 to 0, in a grid contest played at the Ben Franklin Field. The North Street team showed a complete reversal in form over their showing in the opening battle of the year with the Franklinites.

Owen, the North Street right-guard scored the only touchdown garnered by his mates in the entire first half of the game, and this came soon after the opening kickoff. Owen picked up a Mahoningtown fumble and raced for the goal-line. The first half ended 7 to 0 in favor of North Street.

The North Street boys added two more points to their total in the start of the third quarter, when the ball rolled over the goal-line and a Mahoning player was downed behind the line. Hoose went around the end for the second touchdown for North Street.

The Hoose-McIvor act was rehearsed several times and Hoose picked up 20 and 30 yards on successive runs, that finally netted North Street another touchdown. Kay tallied the final touchdown of the afternoon for North Street by picking up a fumble and running 55 yards, through a broken field.

Hoose, McIvor, Kay and Hodge stood out quite prominently in the North Street victory, with Walker and Majocha the best bets for the Seventh Warders.

The lineup and summary:

Here And There In Sports' Land

By ED. FRITZ

According to the rumor factory, the Braves will have several men as managers—Tris Speaker, Eddie Collins, et al, but if the Braves' management knows anything at all about such things, only one man will be picked to pilot the club and his identity will not be known for a week or more.

Discussing Speaker and Collins, Judge Fuchs of the Braves management says no negotiations are under way by which the Braves would get Speaker from the Senators and as yet no negotiations are under way for Collins' service. Another chap who's status is quite uncertain is Tyrus Cobb. Walter Johnson is being mentioned as a possible manager of the Cleveland Indians and with the snow about to fall the fans can have plenty to do speculating while the rumor factory works overtime.

They say that everything comes to he who waits and there is some truth in it, to which Louis Kid Kaplan, the former featherweight champion, now battling as a lightweight will attest. Last night he fought Jimmy McLarnin of the coast at Chicago and was knocked out in the eighth round. But it was a furious setto before the end arrived. McLarnin was on the floor in the first and second rounds and the Kid went down in the fourth and fifth. Just before McLarnin put over the finishing punch Kaplan was down for another count of nine.

Just to show that this column means what the caption implies, "Here and There in Sports Land", we notice in a London dispatch that two upsets marked the seventh round of the International Chess Masters tournament. A. Nimzowitsch of Denmark defeated E. Bogeljubow of Germany and Sir George Thomas of England won from R. Reti of Czechoslovakia. Dr. S. Tartakower, France, held his lead over Winter of England and F. J. Marshall of the United States is tied with Nimzowitsch for second place.

The National Boxing association (which doesn't mean a thing but which has good intentions) has awarded the light heavyweight championship to Jimmy Slattery of Buffalo though in most towns and cities Tommy Loughran is regarded as the champion owing to his victory over Mike McTigue at New York recently. When told of the action, Tommy said: "No one pays any attention to the National Boxing commission," which were a few of the truest words ever written.

Pitt is favored to defeat Tech Saturday and peace hovers over the horizon at Lancaster where the varsity refused to practice owing to the demotion of Head Coach Kenneth Shrover on account of the disastrous defeat by Ursinus. Considerable speculation is rife over the outcome of the W. & J.-Lafayette game and Chick Meehan is being praised for putting New York U near the top in eastern grid circles. The foregoing are a few of the high spots in today's grid news.

The Cecil handicap, mile and one furlong, which was the feature of Tuesday's card at Laurel track, was captured by Crusader, Sande up, with Sir Harry, second, and Dolan third. These were the only starters. Sande got his Crusader away first and he stayed there throughout the race, winning by a length from Sir Harry in 1:52 2-5. The winner carried 126 pounds. The Erlanger handicap, feature at Latonia, went to Rolled Stocking. Miss Meise won the mile and one-sixteenth at Arlington which was an event for three-year-olds and up.

Married Men On Westminster Team

(Special To The News)

NEW WILMINGTON, Oct. 19. — A glance over the Westminster sport statistics shows that Westminster is not devoid of embryonic McLaughrys. In fact at present there are on the Blue and White grid squad two married men. These fellows who are emulating the famous "Tus" are Paul Campell, a sophomore halfback from Westinghouse high, and Derwood Akers, a freshman halfback from New Kensington.

Both Campell and Akers are closely following in the steps of the former Westminster star in that they too are making a bid for fame in the backfield. Another Titan sport star who is a married man is John Connor of Union City, New Jersey. Connor was a star forward on last year's basketball team.

Miss Helen Payson is the third United States player to win the Canadian women's open golf championship since the tournament was resumed in 1919, the former Miss Alexa W. Stirling winning in 1920, and Miss Glenna Collett in 1922 and 1924.

Westminster Squad To Be Idle Saturday

(Special To The News)

NEW WILMINGTON, Pa., Oct. 19. —Coach Beede's eleven continued its daily practices today after a one day lay off following the Allegheny game. The field was wet and soft as a result of recent rains and afforded much needed practice in handling the ball under unfavorable conditions. The former Carnegie star hopes to erase much of the fumbling that has been evident in former games.

The casualty list is made up at present of Captain Lauder, regular half back, and Dutch Machin, end. Lauder, going into the Allegheny game handicapped by an attack of sinus trouble, was struck in the face. The injury required a number of stitches and Lauder will possibly be out for some time. Machin is recovering slowly with a bruised and cut leg but will probably be back in shape in a few days. Kelly is filling in very capably at end during Machin's absence.

Next week end will be an open date for the Blue and White and they will have a rest of two weeks before the approaching game with Duquesne on October 29.

Owing to the soggy soil of the Zuider Zee it was found necessary to drive 5000 piles, each 50 feet in length, to serve as a foundation for the stadium in Amsterdam where the Olympic Games are to be held next year.

The United States forward pass, as introduced to Canadian Rugby football by Coach Shaughnessy of McGill University, does not appear to have aroused much enthusiasm among the fans in the Dominion.

SORDS POINTS

Cincinnati Outfielder Is Grid Star

By JACK SORDS

Pid Purdy, diminutive little outfielder purchased by the Cincinnati Reds from Seattle, demonstrated before pulling a muscle in his leg during the closing days of last season, that he is made of real big league timber. Sawed off though he may be, he surely can go and cut down hits in the outfield, to say nothing of his ability at the plate.

Purdy, after toiling on the diamond in the summer, continues his athletic activities in the fall playing football and is in a position of pulling down about five grand quarterbacking for the pros.

Cincinnati officials can't see taking the risk of letting one of their employes expose himself to injuries, and Purdy, already signed to a football contract, wants the $5,000 added to his 1928 baseball salary. His coast league contract permitted him to remain as a gridder.

He was a quarterback for the University of Nebraska at one time. His greatest football feat is a 51-yard field goal in a pro game at New York during the last two minutes of play.

Purdy's success on the diamond makes Charlie Stis, White Sox scout, feel both good and bad. Good, because he is doing all the things Charley thought he would be able to do, and bad, because he would rather see Purdy performing for the Sox.

It was Stis who recommended the stubby outfielder when he was in the Western league, but the Chicago bosses apparently held his size against him.

Geneva To Clash With Waynesburg

BEAVER FALLS, Pa., Oct. 19. — The most important athletic clashes in Beaver Valley the coming Saturday are the Geneva vs. Waynesburg, and the Beaver Falls High vs. Rochester High games. Both games are to be played on Reeves Field, the high school game beginning at 1:15.

This is Geneva's second conference battle and promises to be interesting. Waynesburg held W. and J. to a 13-0 score and it is to be remembered that last year Geneva beat Waynesburg only in the closing period of the game.

The double-header should draw one of the largest crowds of the season.

College Harriers Meet At Geneva

(Special To The News)

NEW WILMINGTON, Pa., Oct. 19. Westminster's cross-country team is out doing road work for the meet next Saturday, October 23, with Geneva College, which will be a preliminary event to the Geneva-Waynesburg football game also being played on the Geneva grounds.

The team is being drilled on hill running as the Geneva course is very hilly, which, puts a visiting team at a disadvantage, if not particularly trained for this feature of running. Coach R. X. Graham is training his squad in the rain and is hopeful of the team being able to repeat its success over the Geneva team here, earlier in the season, when the Westminster harriers won by a score of 22 to 33.

Allegheny Works Hard For Battle With Grove City

Methodist Team Looks For Tough Game Saturday At Grove City

MEADVILLE, Pa., Oct. 19.—In a secret meeting Monday night Coach Mel Merritt of the Allegheny College football team told the players what he had to say about their listless play in the Westminster game last Saturday. The contents of his lecture were not divulged by members of the team, but it is understood that the calm, emphatic, dignified manner of the Allegheny mentor was less calm, more emphatic and at the same time more frigid than it has ever been before. Merritt was plainly disappointed over the performance of his backfield. Replacement of Moon and Lusk by Thompson and White indicates his dissatisfaction with the work of those two backs, while a similar conclusion can be drawn from the fact that Behrhorst called signals in place of Rawlingson throughout the evening's practice.

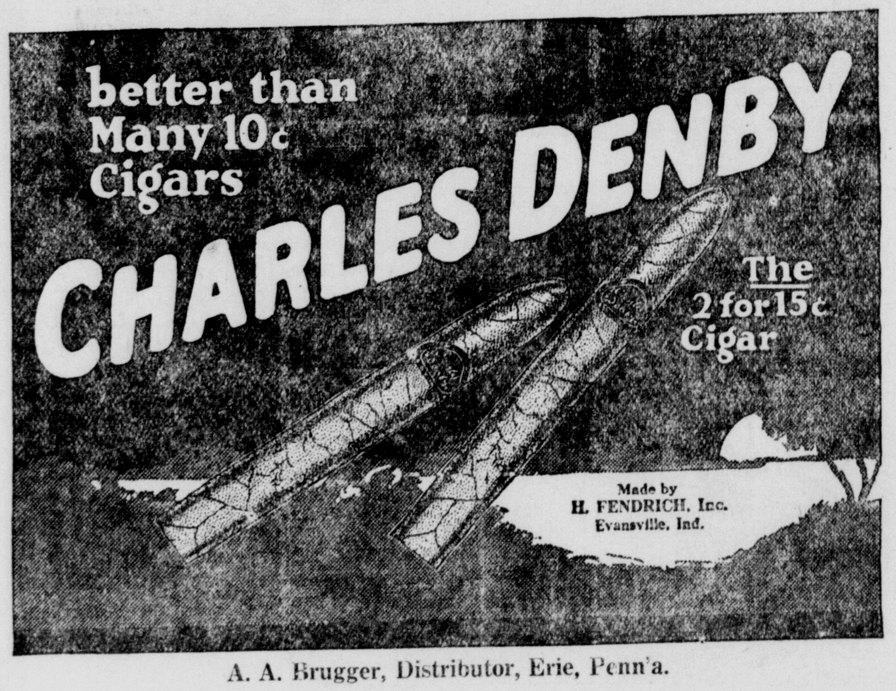

Contrary to custom, Coach Merritt ordered a hard scrimmage in the first practice following the game. His sharp, terse commands, his minute criticism of each play, his biting condemnation of every error and his meagre commendation for merely satisfactory work indicate that he is not pleased with either the amount of effort that his players have been putting into the work or their fight and determination. It is evident that there will be a discontinuance of babyish tactics on the part of individuals on the squad. If today's practice is any criterion there will be less perfumed ointment poured on the muscles and more hard impacts as the players are driven into hard competition with their rival aspirants for positions. The survival of the fittest will undoubtedly receive the call to line up against Allegheny's ancient and respected rival, Grove City, next Saturday.

In the early '90s it was not unusual for some of the big college football teams to play more than one game with the same opponents in one season. Thus, in 1894, 1895 and 1896 Yale and Brown played two games each year, while in 1893 the Harvard and Dartmouth teams faced each other three times in a single season.

The Other "Red"

Garland Grange, whose hair is more red than that of his famous all-American brother, soon may land a regular berth on the University of Illinois eleven. He was out with an injured shoulder last season. He is fast and rangy.

Richard Connelly Highly Honored At Carnegie Tech

Word has been received in this city that Richard F. Connelly son of Mr. and Mrs. E. F. Connelly of 214 Park avenue, has been given a cadet captaincy in the R. O. T. C. department of Carnegie Tech.

Connelly is a graduate of New Castle high school and former well known amateur athlete. Out of the three recent appointments to captaincies at the technical school the local boy was fortunate in being one of them. Connelly is enrolled in the school of civil engineering.

The other men to receive appointments were A. M. Stout of the engineering corp and R. A. Ransom of the signal corps.

Besides his captaincy Connelly holds several other high offices on the college campus and is one of the most popular students in the school. The New Castle boy is also president of the senior class and president of the Phi Kappa fraternity.

Damages Claimed As Result Of Changes In Road

Judge Hildebrand has appointed Attorney Clarence Patterson, Alex Main and Wm. F. Davis to view the property of Harry and Florence Wilkinson at Rose Point which it is claimed was damaged when the New Castle-Butler road was improved.

The roadway was changed taking a part of the Wilkinson lot on which are two houses. Plaintiffs claim that they have been damaged to the extent of $1,500. November 14 has been fixed as a time for making the view.

HELD FOR HEARING

Theodore Favero was committed to the county jail last night by Justice S. Y. Douds of Ellwood City for a hearing October 21 on a serious charge in behalf of a young woman.

It is a fact not generally known that Miller Huggins, manager of the World's Champion Yankees, started out with the idea of becoming a lawyer and holds a degree in law from the University of Cincinnati.

COACH ZUPPKE RELIES ON SPEED AND FAST THINKING

Fast, versatile and alert backs are required by Coach Bob Zuppke of the University of Illinois in the construction of an offense that depends upon timing and fast thinking rather than upon bone-crushing plunging and tons of beef. Shown here are Zuppke and Bob Reitsch, captain and center; Frank Walker, half; Humbert, whose specialty is line plunging; Blair French, punter and passer; Dwight Stuessy, quarter; "Doug" Mills, half.

SPORTS DONE BROWN

By NORMAN E. BROWN

The recent selection of Lou Gehrig as the most valuable player to his club in the American league, becomes more popular as the days go on.

While his playing in the world's series had no vital bearing on his selection it did draw attention to his real worth as an all-around player.

Not only did Gehrig continue his timely hitting while the Pirate hurlers checked Ruth and other members of the Yanks but he played a scintillating game around first base. His game there showed a wonderful improvement over his generalship and mechanical work at the bag a short season ago.

Gehrig not only fielded his chances cleanly but got behind the few poor heaves his brother infielders made in a way to inspire confidence in them.

There is no doubt but what his consistant hitting gave Babe Ruth a better chance to hit than he has enjoyed in recent seasons. The psyschological effect of knowing that a pass to Ruth would only put the pitcher farther into tepid water was apparent. Opposing hurlers were faced constantly with the happy prospect of permitting Ruth to hit a home run or collect a single or pass and then romp home on Gehrig's drive. They took a greater chance with the Bamb—which meant fewer passes—and more chances to hit.

Any ball club with Babe Ruth on it—rumbling along as he did the past season to a new world's record for home runs—would be a formidable ball club. Gehrig's big bat and his work at first may well be said to have added the punch which sent the team through the league like molasses through the cracks in the table.

The list of stars who received varying numbers of first and second choice votes for the honor, along with Gehrig, furnishes some interesting slants on the season.

Only one other member of the Yankees was considered for the honor. He was Tony Lazzeri. Of course, Ruth was ineligible because of his selection at the close of a previous year. Gehrig and Ruth monopolized the slugging honors as far as the general public was concerned but those who followed the league teams closely were aware of the important part Lazzeri played, both in the attack and the defense.

Five members of Bill Carrigan's hapless Red Sox team drew consideration if not enough votes to place them in the running. The five were Ira Flagstead and Slim Harris, veterans, and Phil Todt, Bill Regan and Jack Rothrock, youngsters. Which would indicate that the efforts of these players to help Carrigan lift the Hub team out of the rut were "beyond the performance of their duty."

Cobb and Speaker were out of the running, as one-time winners of the honor. The veteran Eddie Collins failed to come through as Connie had hoped he would else he might have made a bid. Jimmy Dykes and Al Simmons were the two Mackmen to draw votes. Goslin, Ruel and young Lisenbee were the Senators to share in the votes distributed.

Sport Ritticisms

RUMOR LACOSTE MAY FORSAKE THE TENNIS COURTS

Reports are floating around Paris that Rene Lacoste, idol of the French and one of the world's finest tennis stars, may quit the game and enter business with his father. Tacked on to the report is a rumor that the court luminary soon is to marry Mlle. Simone Ione de la Chaume, woman golf champion of France and England.

Delegates Return From Annual State W.C.T.U. Convention

Miss Margaret Walker, president of Lawrence County Woman's Christian Temperance Union; Mrs. J. N. McCandless of the Frances Willard W. C. T. U., and Mrs. Jennie Forquer of the Central W. C. T. U. of this city returned today from Philadelphia where they attended the annual meeting of the state W. C. T. U. convention which convened in that city October 14 to 18.

Enroute home Miss Walker visited at the home of her nephew, Rev. Clarence Duff of Reading, Pa.

At the convention Miss Walker was honored in being made a member of the appropriation committee.

Buccaneers Will Practice Thursday

The East Side Buccaneer football team will hold another practice session on Thursday afternoon at the Ben Franklin high annex field.

The Buccaneers are making great plans for the grid season and expect to place a first class outfit on the field. Games are wanted with all leading independent teams in the city. For games call Frank Baptiste at 1110-W.

On August 30, 1876, Billy Walker fought Johnny Weeden at Pennsyville, N. J. The bout went 76 rounds and resulted in a ring fatality such as has occurred more than once in recent years, Walker dying shortly after the battle. Weeden was sent to Trenton prison for six years and died in prison.

The University of Iowa eleven have defeated Ohio State three times, one game being a tie, in their last five meetings.

HIGH LIGHTS OF HISTORY

The Presidential Election of 1868

by J. CARROLL MANSFIELD

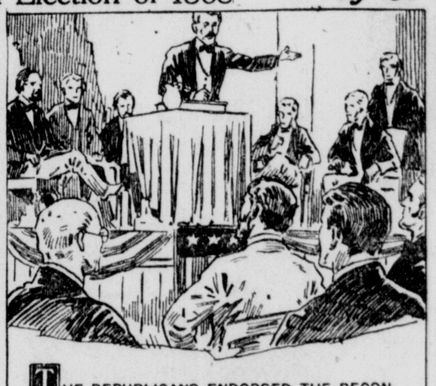

Registered U. S. Patent Office.

IN THE PRESIDENTIAL ELECTION OF 1868, TWO IMPORTANT QUESTIONS CONFRONTED THE VOTERS OF AMERICA: FIRST: SHOULD THE SOUTH BE RESTORED BY THE PRESIDENT OR "RECONSTRUCTED" BY THE CONGRESSIONAL PLAN? AND SECOND: SHOULD THE NATIONAL DEBT, IN CASES NOT SPECIFIED, BE PAID IN COIN OR "GREENBACKS"?

THE DEMOCRATS ADOPTED A PLATFORM DEMANDING THAT ALL THE SOUTHERN STATES BE IMMEDIATELY RESTORED TO THE UNION, THAT PARDON BE GRANTED ALL POLITICAL OFFENDERS, AND THAT "GREENBACKS" BE USED TO PAY OFF THE NATIONAL DEBT. FOR PRESIDENT AND VICE PRESIDENT, THEY NOMINATED HORATIO SEYMOUR, GOVERNOR OF NEW YORK, AND GEN. F. P. BLAIR, OF MISSOURI.

THE REPUBLICANS ENDORSED THE RECONSTRUCTION POLICY OF CONGRESS, AND RESOLVED THAT THE NATION'S OBLIGATIONS BE PAID IN COIN. THEY NOMINATED THE POPULAR SOLDIER, GEN. U. S. GRANT, FOR PRESIDENT, AND SCHUYLER COLFAX, OF INDIANA, FOR VICE PRESIDENT.

THREE SOUTHERN STATES WERE EXCLUDED FROM THE ELECTION, AND MOST OF THE OTHERS WERE IN POSSESSION OF NEGRO FREEDMAN MAJORITIES. THE ELECTION WAS A VICTORY FOR THE REPUBLICANS, GRANT RECEIVING 214 OUT OF 294 ELECTORAL VOTES.

Maine To Retain Primary Ballot

By Vote Of More Than Two To One Maine Favors Primary Ballot Law

(International News Service)
AUGUSTA, Maine, Oct. 19. — Returns today showed that by a vote of more than two to one Maine citizens decided to keep the primary law which has been in effect for fifteen years.
The "big political bosses," it was predicted, where anxious to do away with the selection of candidates by the ballot and to return to the old caucus and convention system of Nomination.
The return, however, showed most of the towns and plantations against repeal. Rockland, Waterville and Eastport were the only cities voting to return to the old system.

N. Y. STOCKS

(International News Service)
NEW YORK, Oct. 19.—The industrial stocks and the pool specialties moved forward briskly at the beginning of trading today, in response to an aggressive buying wave, principally of professional origin. First sales on specialties ranged from 1,000 to 10,000 shares, buying of that quantity of Radio Corporation having been credited to a "new pool" in the stock with appropriate advertising.
Selling pressure increased in the second hour, and prices of the speculative favorites moved off sharply from the peaks of the first period. There was nothing to indicate any decided change either in the business outlook or in the sponsorship of the stock market. Professional traders supplied the high-priced industrials quite freely and stocks moved downward in consequence.

French Fliers Are Sighted

(International News Service)
RIO JANEIRO, Oct. 19.—After being unreported for more than four huors, Dieudonne Costes and Joseph Le Brix, French airmen, making a flight from Le Bourget, France, to Buenos Aires, were sighted over Itajahy at 12:20 p. m. today. Heavy storms were reported from the southern coast.
Itajahy is in the state of Santa Catharina, 450 miles southwest of this city, and 800 miles northeast of Buenos Aires.

West Point Head

Major General William R. Smith, above, now commanding the Hawaiian department of the U. S. army, succeeds Major General Merch B. Stewart as superintendent of the U. S. Military Academy at West Point, N. Y. Brigadier General Edwin B. Winans is temporarily filling the position until the return of Major General Smith.

Let's hope the powers don't try to partition Turkey. They haven't yet used up their other reasons for hating one another.

BROWN TELLS OF EUROPEAN TOUR

Discusses Conditions In Italy Under Mussolini And Paris Convention

Attorney Orville J. Brown, who recently attended the American Legion convention in Paris and made a trip through European countries, addressed the New Castle Kiwanis club today noon at their weekly luncheon at the dining hall of the Y. M. C. A.
Mr. Brown gave a very interesting and instructive talk on the reception of the Legion by the French and especially showed how Mussolini had a great grip on Italy and the conditions that exist there.
J. H. Bradfute of the Youngstown Kiwanis club was present at the luncheon and gave an invitation to all members to attend the inter-city meet of Kiwanians that is to be held in the Ohio hotel at Youngstown on November 9. Col. Ralph Cole of Findlay, O., will be the chief speaker of the evening. Howard Smith, Kiwanis governor of Ohio, and several lieutenant governors will also be present. Members of clubs from all neighboring cities are invited.
Herbert Pears of the General Organization company of Chicago was present at the luncheon and made an appeal for the Community Chest for which a drive is being made at this time. It was announced that there would be no meeting next week on account of the Community Chest activities. In two weeks or November 2 a report of the York convention will be given.
In speaking of the treatment that the Americans received in France Mr. Brown said that they were treated fine, no occasion came to his personal attention of any mistreatment. He said that it took a little while for the French to get he American idea of a convention as they expected a pilgrimage of sombre character but once they got the American idea they entered into it with enthusiasm.
In speaking of Mussolini and Italy Mr. Brown said that he certainly has the country in his hand and is very harsh in his treatment of Italians and strangers alike. He has done a great deal in improving the country but Mr. Brown thinks that in correcting other evils he is creating a greater evil by his harshness and within a few years at the least it will be shown that he has gone too far.

Raises Snakes

Mrs. Stella Laird operates a "snake farm" near Topeka, Kas. Each year she ships hundreds of reptiles, all non-poisonous, to Ireland where they are used to control rodents. She also ships to France, Germany, Canada and Mexico. She has as many as 2,000 snakes on her farm at one time.

State Briefs

(International News Service)
SOMERSET, Pa., Oct. 19.—John Cassio, 22, is nursing severe burns of the arms and shoulder received when a gasoline tank exploded while he was working in the Somerset Bus Company shops here.

WAYNESBURG, Pa., Oct. 19.—A new attendance record has been set by the Greene county teachers' institute. A check-up revealed all but three of the county's 373 teachers are present at the annual institute.

GREENSBURG, Pa., Oct. 19—Damages of $15,000 are sought by Vincent Plisak and his wife, Mary, of North Irwin, from Helen Truzal of this county, the result of an automobile accident July 25.

BUTLER, Pa., Oct. 19.—Miss Helen was awarded the diamond medal in Katherine Nicholas, 16, of this city, an oratorical contest of the W. C. T. U. She had previously won the silver, gold and grand gold medals.

WAYNESBURG, Pa., Oct. 19.—Alva and Guy Tennant, members of a prominent Greene county family, are held under $1,000 bond pending a hearing on charges of arson filed by Mrs. Belle White, of near Oak Forest.

ACCIDENT OCCURS ON CROTON AVENUE

J. J. Malizia of 1401 Croton avenue, reported on Tuesday to the police while driving his machine near Hawthorne street on Croton avenue and about to make a turn into that street, that a woman driving a car bearing Pennsylvania license 926-062 west on Croton avenue, ran into and damaged his machine.

PAST HALF CENTURY MARK BUT STILL LEADERS

Disagreeing with those writers who advocate chloroforming a man after he passes his thirty-fifth milestone, Dr. W. A. Newman Dowland, Chicago physician, has compiled statistics to show that man is most productive at 50. Among the many industrial leaders of the United States who have passed that mark are Charles M. Schwab, 65; Chauncey M. Depew, 93; Haley Fiske, 75; William H. Taft, 70; Thomas A. Edison, 80; John D. Rockefeller, 88; Henry Ford, 64, and Patrick E. Crowley, president of the New York Central, 63.

Annual Convention Of Parent-Teachers Opens In Pittsburgh

(International News Service)

PITTSBURGH, Oct. 19.—Scores of members of the State Parent-Teacher Association were here today for the opening of the general assembly this morning, of the 29th annual convention of the Pensylvania Congress of Parents and Teachers.

Preceeding the general assembly meeting, the delegates to the convention attended a publicity institute held under the direction of Mrs. Laura Underhill Kohn, director of publicity of the national organization. A parliamentary drill was held at the same hour.

Mrs. William Brice, Jr., of Bedford, president of the state congress gave her message to the delegates and short committee reports were submitted by the various officers of the organization.

The afternoon session was featured by addresses given by Dr. Thomas Walton Galloway, of the American Social Hygiene Association, and Dr. Roswell Johnson, president of the American Eugenic Association.

A safety pageant by the pupils of one of the locals schools will be the chief center of attention at the evening session.

Medical Society Fights Pardon For Physician

BUTLER, Pa., Oct. 19.—The Butler Medical society, and the Kiwanis, Rotary, and Women's club of Butler, have joined in a protest of the pardon of Nathan Casal Kartub, former Butler physician, who is serving a term in the Western penitentiary, following sentence of conspiracy and murder, in connection with the confessed killing, with poison, of three Lyndora residents for their insurance.

Kartub was sentenced to 20 years in the penitentiary, in 1917, by Judge Aaron E. Reiber. Three other efforts have been made to secure a pardon for Kartub, but they have been opposed by Butler organizations and individuals.

The medical society of Butler will be represented at the hearing next Wednesday by Attorney James O. Campbell. The case was to have come before the board today, but it was postponed for a week.

FINE FOR CHILDREN!

Give them a good start in life, with happy smiles and healthy little bodies. Children need a mild corrective occasionally to regulate stomach and bowels. Dr. Edwards' Olive Tablets are a safe vegetable compound mixed with olive oil. They tone up and regulate the eliminative tract. Not a nasty cathartic or a habit-forming medicine, but a safe pleasant remedy for constipation, sour stomach, torpid liver, bad breath, and similar disorders. Dr. Edwards, a widely known family physician of Ohio, prescribed these tablets for many years in his own practice. Children from six years up are greatly helped by them and like to take them. Recognized by their olive color, Dr. Edwards' Olive Tablets overcome those irritable spells that many children are subject to, keep their bodies in active healthy condition, skin clear and eyes bright with the light of perfect health. 15c, 30c and 60c sizes.

Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle.

If Samuel Pepys were writing this column today perhaps he might have worded it something like the following. Apologies to old Sam, who has been gone these many years.

Up betimes and did have no little trouble in getting the puddle jumper started. To the office whereupon the city editor suggested in no uncertain tones that there was much work to be done ere the clock struck two. Dashed off a little of this and that and to the Red Cross conference where Bill Moffatt and his colleagues were playing host to no small number of visitors. Back to the office and more copy ensued, and then to lunch with the Red Cross folk. Right tasty indeed was the lunch at The Castleton or that part which I must need snatch before hieing to the Y. W. C. A. where that goodly matron, Mrs. Charles Greer, was being honored. The meeting over and another flight to the Scottish Rite cathedral where the Scottish Rite men were assembled. It seemeth good to greet old friends. Supper at home and again to the cathedral. Thence to the office where Demon Work did leer at me over the top of my trusty typewriter.

Hope A. A. McIntyre doesn't think that's a steal on his style.

New Castle has a valuable addition to its citizenry in the person of "Red" Williams, whb came here from New Kensington. The gentleman is unusually gifted in pep song leading and the way he gets 1200 Scottish Rite Masons singing in the dining room of the cathedral is a treat. Red warbles a rather tasty baritone himself with power just a little less than the whistle of the Shenango mill.

You just know that Hallowe'en is coming. Some of the youthful sprites of the south side did a rather messy job of decorating the store windows on South Mill street with a piece of soapstone, a job that the merchants hardly appreciate. What some of the merchants said when they opened their store yesterday morning would melt a hot metal ladle.

Hallowe'en this year will be celebrated with a parade. Henry Goldberg is stepping on his committee's heels with preparations for the event and Marshal Ed Pritchard promises a parade that will be something to come down and see.

Don't know where Phil Bridenbaugh gets these huskies that play on the football team but this year's outfit looks like a convention of truck drivers. Was in the dressing room of the stadium the other afternoon and after looking them all over, I couldn't find one I would insult with impunity.

Get your fountain pen unlimbered and be ready to sign on the dotted line. The Community Chest solicitors will be in to see you and remember when they call that all they get out of the drive is a lot of hard work. It's your drive and my drive as much as theirs.

HELD FOR COURT ON ADULTRY CHARGE

Following a hearing Tuesday at the office of Alderman Walter T. Hamilton, Charles Fullwood was held for the December term of court on a charge of adultery, preferred against him for his alleged actions with a young girl, who was formerly employed as a housekeeper in his home.

Public Is Warned Of Rabbit Fever

Hunters Enjoined To Be Careful In Handling Bunnies

With game protectors of the state announcing that there are more rabbits this year in the wood and bottom lands, the hunters are preparing to fare forth and blaze away. But now comes a warning relative to rabbit fever that ought to be carefully observed by the gunners.

The rabbits of this state are said to be suffering with a rather new disease, tularemia, which is a sort of fever attended by extreme lassitude. The disease will transmit itself from the rabbits to human beings with little apparent difficulty.

Dr. Edward Francis of the Federal Board of Surgeons has found that the disease approaches a genuine plague, but also finds it can be easily avoided. Great care must be exercised this fall in hunting rabbits as in the handling of them. Infection in humans comes from handling the rabbits with the naked hands, irrespective of abrasions of the skin, as the germ enters apparently healthy skin.

"Accused, your position is serious. You cannot deny that you got into the plaintiff's house at three o'clock in the morning.

"I don't deny it, sir. Only I mistook the door."

"Then you should have explained instead of taking flight."

"But I thought it was my wife waking up."—Pele-Mele.
